## KAISER HIMSELF LED ATTACK ON DR. HILL.

*Receives Adverse Impressions from Various Sources—Mystery Deepened by Formal Denial by Foreign Office. Episode Considered Important.*

(BY THE ASSOCIATED PRESS—P.M.)

BERLIN, March 26.—The intimation that Dr. David Jayne Hill was not regarded as adapted to the post of American Ambassador to Germany appears to have been made at the suggestion of Emperor William. His Majesty, since it was announced last November that Dr. Hill would succeed Tower, has received various impressions adverse to Dr. Hill. It is difficult to trace the origin of these opinions. Some came from members of the suite of Prince Henry, who saw much of Dr. Hill during the Prince's visit to the United States six years ago; some from the German legation at The Hague, where Dr. Hill is at present Minister; while others doubtless were obtained in quarters not yet ascertained.

Something in the nature of a private and personal message was then conveyed to President Roosevelt. The Foreign Office today issued a denial of the statement that official action had been taken by the German government on the proposal to send Dr. Hill to the Berlin embassy.

TOWER DENIES REPORT. Replying to the question raised by certain newspapers which intimated that Charles Tower was trying to hold his place as American Ambassador and remain in Berlin, Mr. Tower authorized the statement that it is his inflexible determination to send his resignation to the President within a few months, and ask to be allowed to retire, so that he may return to the United States.

This agrees with what Mr. Tower wrote of his own accord to the President last autumn in a personal letter, and Mr. Tower says it is entirely satisfactory to the President and fully understood by him. There has been no reason why he should change his plans, says the Ambassador, nor is he aware that the President wishes him to do so in any event.

Ambassador Tower also authorizes the statement that his personal relations with David J. Hill are exceedingly friendly and have been for years. When he saw the newspaper announcement that Mr. Hill probably would succeed him, he wrote to him inviting the Minister and his wife to come to Berlin, adding that he and Mrs. Tower would be happy to assist in making their approaches to Berlin life agreeable. In response to this invitation, Mr. Hill came to Berlin three weeks ago and dined with the Ambassador at his home. They discussed freely and fully all questions that would naturally come up under such circumstances.

"PURE INVENTION." The Lokal Anzeiger prints a statement today evidently emanating from the Foreign Office, regarding the matter. It denies the report cabled from Washington that a letter is under way from the German government explaining its attitude, and concludes: "Germany is by no means placed in a situation where explanations are needed, because no differences of opinion whatever in this question exist between Berlin and Washington. It is superfluous to add that the assertion that Dr. Hill has become persona non grata since his appointment is pure invention."

## DE SAGAN ORDERS ROSES FOR ANNA.

*Florist Must Send a Bunch Every Day.*

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, March 26.—(Exclusive Dispatch.) A standing order for a bunch of American Beauty roses to be sent every day to Mrs. Anna Gould, married the first President, was sent by Prince Helldon de Sagan today.

It is said that Prince Helldon de Sagan, who is a bachelor, is in the habit of ordering a bunch of roses for his wife, Anna, who is a widow. The roses are sent to her in New York.

"GERMANY ACCEPTED HILL." Secretary Root emphatically declared today that the German government had accepted Dr. Hill as Ambassador to Berlin.

PEEPER PAINTED. Students of New York School of Art Catch Offender and Decorate His Anatomy.

NEW YORK, March 26.—(Exclusive Dispatch.) Interesting variety was given last night to the work of the Men's Life Class in the New York School of Art at No. 227 Broadway, by the hazing of a "Peeping Tom."

TO WELCOME GLADYS. Preparations Being Made in Hungary to Receive Count Szechenyi and His American Bride.

## PAPA PIERCE IS OUTWITTED.

*Daughter Escapes and Marries Her Sweetheart.*

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, March 26.—(Exclusive Dispatch.) Mrs. James A. Deering, who was Mrs. Violet Pierce, daughter of H. Clay Pierce, the Standard Oil millionaire, who eloped with her sweetheart and was married to him in defiance of parental disapproval, had an exciting romance, it is very learned, such as is usually reserved for the lot of the daughters of the very rich.

MISS PIERCE WAS A DEBUTANTE, just out of boarding school, when she met James A. Deering, the beautiful son of a wealthy family, who was a prisoner in her room under the close surveillance of her parents.

AVOIDS MOTHER-IN-LAW. Mrs. Alfred G. Vanderbilt Pointedly Keeps Away from Mrs. Cornelius Vanderbilt at Newport.

NEW YORK, March 26.—(Exclusive Dispatch.) A statement from the Fifth Avenue home of the old Mrs. Cornelius Vanderbilt today, shows that there was no basis for the report that she has manifested her displeasure at the state of her son's marital affairs by taking in Mrs. Alfred G. Vanderbilt and comforting her. The young wife has not called upon her mother-in-law, and is still with her mother, Mrs. F. O. French, at Harbor View, Newport.

JAPANESE CABINET SHAKY. TOKIO, March 26.—(Exclusive Dispatch.) It is asserted that the ministerial appointments made yesterday were intended to attract the sympathy of the press, but it is problematical if the Cabinet will survive long.

PENROSE IS SINKING. PHILADELPHIA, March 26.—The condition of Senator Penrose is said to be very grave tonight and little hope is given for his recovery. He has been unconscious during most of the day.

## EARTHQUAKES CAUSE PANIC IN MEXICO.

*Two Shocks Crack Walls and Stop Clocks—People Rush Through the Streets of City—Property Loss Will Be Great Is Feared.*

(BY DIRECT WIRE TO THE TIMES.)

MEXICO CITY, March 26.—(Exclusive Dispatch.) Mexico City was severely shaken twice today by earthquakes, the first of which was a great extent, but as far as is known there has been no loss of life. The property loss can at present only be estimated, but it is very high, into the thousands of dollars.

THE first shock occurred at 2:40 o'clock this afternoon and the walls of many buildings were cracked. The second shock, at 3:11 o'clock tonight, created a panic.

THE people were in a nervous frame of mind because of the earlier shock and when the second one came they rushed into the streets excitedly fighting for places of safety. The theaters were quickly emptied and the cafes deserted, and the sidewalks and streets were crowded in an instant.

DUKE IS RESERVED. Tells Reporter at Queenstown He Does Not Wish to Discuss Reported Engagement.

QUEENSTOWN, March 26.—(Exclusive Dispatch.) On the arrival of the steamship Lusitania here this morning the Duke of the Abruzzi, who was a passenger aboard, was found in his stateroom alone. He said to a newspaper reporter that he wished to be let alone.

FOR BIG AIRSHIP RACE. Inventor Offers to Wager \$100,000 for Contest Between New York and Chicago.

## ASSEMBLY PASSES BILLS.

*Lower House of New York Legislature Gives Big Majority Against Race Track Gambling.*

(BY THE ASSOCIATED PRESS—P.M.)

ALBANY (N. Y.), March 26.—The Assembly this afternoon passed by decisive majority the bill designed to abolish the legal protection of gambling at race tracks in this State, in accordance with the recommendation of Governor Hughes in his second message to the Legislature. The Senate bill on the question are yet to be voted upon.

ROOT PROMISES INQUIRY. Californians in Congress Take up the Troubles of Commissioner Lubin.

WASHINGTON, March 26.—(Exclusive Dispatch.) Senators Flint and Perkins and Representative Kahn are expected to have a conference with Secretary of State Root today about the trouble of David Lubin of Sacramento, who is a United States Commissioner to the Agricultural Institute at Rome.

ORDERED TO SAN FRANCISCO. HONOLULU, March 26.—Secretary Ichikawa of the Japanese Consulate here, who speaks the Korean language, has been ordered by Viscount Hayashi to proceed to San Francisco immediately to investigate the killing of Duran.

FOR BIG AIRSHIP RACE. Inventor Offers to Wager \$100,000 for Contest Between New York and Chicago.

NEW YORK, March 26.—(Exclusive Dispatch.) An international airship race between New York and Chicago, with a \$200,000 stake, may be the outcome of the challenge announced today by A. P. Bliven, the Brooklyn inventor, who claims to have solved the problem of aerial navigation.

## GRAFT PROSECUTION.

FIND THREE  
INDICTMENTS.

New Grand Jury After Ruef,  
Ford and Calhoun.

Three Bills of Three Counts  
Each Against Them.

Action Is Complete Surprise  
to Defendants.

BY THE ASSOCIATED PRESS.—P.M.  
SAN FRANCISCO, March 26.—Three  
indictments, each containing three  
counts, against Patrick Calhoun,  
president of the United Railroads,  
Tirey L. Ford, general counsel for  
the same corporation, and Abraham  
Ruef, former political boss of San  
Francisco, secretly voted by the grand  
jury last night, were filed with the  
district attorney's office this morning.  
The indictments charge Calhoun,  
Ford and Ruef each with having of-  
fered a bribe of \$100,000 on May 10, 1904,  
to Supervisors F. P. Nicholson, John  
J. Furey and Daniel G. Coleman in  
connection with the granting of a fran-  
chise giving the United Railroads the  
right to convert its cable lines into a  
trolley system.

They were returned with a view of  
meeting every possible technical ob-  
jection that has been raised by the de-  
fense to the indictments returned by  
the former grand jury.

Honey, in explaining the purpose of  
the new indictments, stated to the As-  
sociated Press: "While we do not pre-  
tend that there is any flaw or defect  
in the other indictments, we have not  
the last say in the matter. That pro-  
rogative is with the Supreme Court.  
We don't want to learn in a year from  
now that our indictments were invalid.  
However, should a contingency arise,  
we will be prepared for it with the  
indictments returned by the present  
grand jury. These have been drawn  
up with a view of meeting all the tech-  
nicalities that have been raised by the  
various defendants. As they were re-  
turned without Ruef's testimony, that  
defendant cannot raise the point that  
he was indicted upon his own testi-  
mony."

DEFENDANTS SURPRISED.  
This new and unexpected move on  
the part of the prosecution came as a  
surprise to the defendants in the  
bribe graft cases. Every action  
taken by them against Ruef during the  
past two months has met with  
skillful counter moves by the former  
political boss and his counsel. The  
prosecution has been a continued  
series of legal skirmishes in court for  
tactical advantages, but in this move  
Honey has outmaneuvered Ruef. He  
has taken the case to the grand jury  
in the time being. Ruef will be put  
on trial Monday morning on the charge  
of bribery in connection with the  
granting of the Parkside trolley fran-  
chise, and Tirey L. Ford will be placed  
on trial for the third time before Judge  
Lawlor. Honey will possibly conduct  
the trial of Ruef, while Assistant Dis-  
trict Attorney O'Garra will represent  
the prosecution in the case against Ford.

LECTURED FOR "LEAK."  
The filing of the indictments this  
morning was attended with consider-  
able secrecy. Presiding Judge Sturtevant  
read the indictments to a lecture  
because of the alleged "leak." The  
prosecution has been a continued  
series of legal skirmishes in court for  
tactical advantages, but in this move  
Honey has outmaneuvered Ruef. He  
has taken the case to the grand jury  
in the time being. Ruef will be put  
on trial Monday morning on the charge  
of bribery in connection with the  
granting of the Parkside trolley fran-  
chise, and Tirey L. Ford will be placed  
on trial for the third time before Judge  
Lawlor. Honey will possibly conduct  
the trial of Ruef, while Assistant Dis-  
trict Attorney O'Garra will represent  
the prosecution in the case against Ford.

AGED COUPLES WED.  
Remarkable Double Ceremony Unites  
Septuagenarians and Brides but  
Little Younger.

BY DIRECT WIRE TO THE TIMES.  
BELLINGHAM, March 26.—[Ex-  
clusive.] When William H.  
Tredway, aged 72, was wedded to Mrs.  
Margaret A. Parish, aged 67, and Joseph  
Pym, aged 70, took as his wife  
Mrs. Mary E. Randall, aged 63, in the  
Superior Court today, one of the most  
remarkable double weddings ever  
performed in Whatcom county was cele-  
brated.

The combined age of the two couples  
is 122 years. So nervous was Tredway  
that he was called upon to sign the  
oath that he could not do so, and in-  
stead he placed his mark.

The four are all from Lynden, and  
are pioneer settlers of that region.  
Tredway came to this country in the  
early days and has known each other  
practically ever since they arrived in  
what was then a wild country.

GETTING READY FOR SEA.  
Great Activity Among Schooners That  
Have Been Laid up at San  
Francisco.

BY THE ASSOCIATED PRESS.—P.M.  
SAN FRANCISCO, March 26.—Great  
activity was today noticeable among  
the various steam schooners which have  
been laid up in the Oakland Creek for  
the last few weeks, pending the settle-  
ment of the dispute between the  
owners and engineers. A large number  
of tug boats were engaged in hauling the  
vessels of the sand to get them ready  
for again going into commission.

As showing the difference made to  
the coastwise traffic by the laying up  
of the steam schooners, Capt. Zibo,  
of the tug Dedolene, reports sighting  
only one vessel on his last voyage to  
Puget Sound and back.

Great activity was the result among the  
steam schooners, it was noticed by the  
activity shown in getting the big  
salmon fishing fleet ready for work  
up north.

KEPT DIVORCE SECRET.  
Bellingham Society Surprised to Learn  
of Separation That Took Place in  
November.

BY DIRECT WIRE TO THE TIMES.  
BELLINGHAM, March 26.—Ex-  
clusive.] Bellingham was sur-  
prised today to learn that two of its  
high society people, Mr. and Mrs.  
Frank Carleton Teck, have been di-  
vorced since last November. The  
cause of the ground given for the  
separation.

Teck is a newspaper man. He has  
served as editor on a number of news-  
papers, and until recently was secre-  
tary of the Bellingham Chamber of  
Commerce. He is now editor of the  
Anacortes American.

When the couple were divorced, they  
promised to keep the separation a se-  
cret for eighteen months, but it be-  
came known here today.

SHIP IS TOTAL LOSS.  
UNDERWRITERS GET SARATOGA.  
BY DIRECT WIRE TO THE TIMES.  
SEATTLE, March 26.—[Ex-  
clusive.] Declared by a special board  
of survey to be a total loss, the steam-  
ship Saratoga, wrecked on Bushy Is-  
land, and which was taken over by the  
Alaska Steamship Company, her owners,  
will attempt to save the vessel.

Capt. Elnor Mikkelson, the Arctic  
explorer, Capt. Charles Sven of the  
steamboat Elsie, and Capt. D. Morris,  
formerly of the Dora, constituted the

## PROPOSITION WILL VANISH.

Opponents Fail to Frighten the Republican Leaders.

Now He Cannot Make His Threats Good.

Link and File Will not Vote Itself Out of Jobs.

WASHINGTON, March 26.—(Exclusive Dispatch.) In the few days that passed since the introduction of the Hapburn bill, containing amendments to the Sherman Anti-Trust Act, a new and renewed talk in Washington of the strong opposition the bill has met to face from the labor party in the coming campaign and his following have been in denunciation of certain men in the labor party, but it may be said that the bill has been a prominent member of the House. "There is nothing to it," it is the first time in the history of the Republican party that prior to the passage of the bill the labor party has been seen on the firing line when a battle of the parties was at sight. Its chief uses have been in the preliminary, where, for purposes, it has affected the of a few timorous politicians set their thinking of sope to the labor cause. The record has shown that the labor party has been a Republican party at the national convention will pledge itself to revise the bill. The record of the party is that in the work of revision, it is not a Republican party, but it is a Republican party. It is hard to be supposed, so argument of the Republican leaders that because labor did not all it demanded from the present bill, it will vote itself out of hundreds of thousands of jobs.

### EXCLUDED FROM MAILS.

REID SHUT OUT. WASHINGTON, March 26.—(Exclusive Dispatch.) A bill introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist," was today introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist."

### FREE CARRIAGE ENDED.

EVER MUST PAY FREIGHT. WASHINGTON, March 26.—(Exclusive Dispatch.) A bill introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist," was today introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist."

### WASHINGTON BRIEFS.

Quake Recorded. WASHINGTON, March 26.—A slight quake was recorded on the seismograph here Wednesday afternoon at 10:50 a. m. The quake was comparatively in intensity, and it would appear its origin was not over 100 miles from Washington.

### Yard for One Year.

WASHINGTON, March 26.—Acting on suggestion of Gen. Westcott, in connection with the Philippines, it was decided to delay for one year the sailing of the Seventh Regiment of Infantry to the Philippines. These troops were scheduled April 5 next, to relieve the first regiment, stationed at Camp Crame, Manila. The Seventh Regiment is to be sent to the Philippines next year to the Twenty-sixth Infantry.

### To Be Paid Damages.

WASHINGTON, March 26.—The Department today issued a statement that an agreement had been reached whereby the suit for damages against the city of San Francisco for mob violence will be paid by the city to the Japanese.

### Are Rejected.

WASHINGTON, March 26.—The canal commission has rejected the bids for the construction of the Panama Canal. The bids were rejected because they were too high.

### MEAT MAY GO HIGHER.

ABILITY THAT IT WILL ADVANCE AS MUCH AS FIVE CENTS A POUND IN ANOTHER WEEK. WASHINGTON, March 26.—Retail prices of all grades have increased today a point within the last week, before another week has gone by. It is very likely that prices will go up 3 to 5 cents a pound higher, as a result of a strange combination of circumstances which has affected the meat market in this country.

### Record Runs for Fruit Trains.

RENO (Nev.), March 26.—The fastest time ever recorded on the Salt Lake division between Sparks and Ogden is being maintained at present to push the last of the California fruit crop to eastern markets. An average of thirty-two hours for the run is being maintained, and already fourteen trains of oranges have been put through on this record time.

### LOST BROTHER FOUND.

Man Given up for Dead Visits Brother and Sister After Separation of Thirty-Two Years. WASHINGTON, March 26.—Reunited after a separation of more than thirty years, James W. Henshaw and Mary E. Henshaw are celebrating at their home on East Twenty-first street the home-coming of their brother, Alfred Henshaw, who had long been regarded as dead.

### Gov. Guild Improves.

BOSTON, March 26.—The news from Gov. Guild's bedside tonight was favorable. Dr. Frederick B. Winslow said the governor's condition had improved slightly since yesterday, notwithstanding a rather restless night. The last bulletin of tonight read: "The Governor holds his own and is expected to be up in a few days."

### If You Want to Go East C. Haydock.

WASHINGTON, March 26.—(Exclusive Dispatch.) A bill introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist," was today introduced by Senator Reid, of Missouri, to amend the second-class mail privilege granted in 1905 to the National Socialist American publication, known as the "National Socialist."

Illinois, Iowa and other States who raise live stock for the Chicago market will not benefit by the increased price of meats established by the packers and retailers on Tuesday, and raised still higher yesterday. The cost of all meat, excepting veal, has been increased during the last two days from one to two cents a pound. Farmers, owing to their shipping of all available stock during the recent financial panic, are said by the packers to have exhausted the supply, and now will not reap the benefit of the increased prices offered by packers.

### RAILROAD RECORD.

#### UNION PACIFIC WILL BORROW

STOCKHOLDERS TO VOTE ON NEW BOND ISSUE.

Loan to Be Secured by Lien on All Unmortgaged Lines of Road. Currently Reported That Forty or Fifty Million Dollars Are to Be Raised. WASHINGTON, March 26.—Stockholders of the Union Pacific Railroad Company will meet on May 5 to authorize an issue of bonds, to be secured by a mortgage on all the lines of the Union Pacific, which are now unmortgaged. These lines aggregate 1600 miles, according to an official announcement. The amount and purpose of the proposed bond issue were not made public, but it was currently reported that it would be \$40,000,000 or \$50,000,000. This, it was said, would be sufficient to cover the company's financial needs for some time, and it was expected that only a portion of the issue would be made in the near future.

### NEW YORK, March 26.—Stockholders

of the Union Pacific Railroad Company will meet on May 5 to authorize an issue of bonds, to be secured by a mortgage on all the lines of the Union Pacific, which are now unmortgaged. These lines aggregate 1600 miles, according to an official announcement. The amount and purpose of the proposed bond issue were not made public, but it was currently reported that it would be \$40,000,000 or \$50,000,000. This, it was said, would be sufficient to cover the company's financial needs for some time, and it was expected that only a portion of the issue would be made in the near future.

### THE DIRECTORS BY A VOTE DECLINED

to grant the request made by stockholders that the board of directors bring suit against E. H. Harriman, H. H. Rogers and James Stillman to recover profits which were alleged to have derived from the sale of stock of the Illinois Central Railroad Company, the Railroad Securities Company, and the St. Joseph and Grand Island Railroad, to the Union Pacific system. The suit was requested by L. A. Sturges and Henry C. Back of Hartford, W. A. Arnold of Williamamantic and A. C. Bates of East Granby, Ct. In giving their reasons for declining to bring the desired action, the directors stated that the interests of Messrs. Harriman, Rogers and Stillman were excused from voting on that subject.

### It was also stated by the directors

that the proposed purchases were investigated by a committee of three disinterested directors who knew the facts and advised the purchase. The directors also had no knowledge that any director of the Union Pacific held any interest in the 105,000 shares of the Illinois Central stock purchased by the Union Pacific from Kuhn, Loeb & Co., seventy-five percent of which the firm that no director held any such interest.

### GENERAL SHAKE-UP.

#### Railroad Circles Hear That Tuttle Will Succeed Melien and Combine Eastern Lines.

NEW YORK, March 26.—(Exclusive Dispatch.) Rumors originating prior to the last annual meeting of the Union Pacific road regarding the early retirement of E. H. Harriman, president of the company, have been revived. It is said now that Mr. Harriman will become the head of the board of directors, and that his place as president will be taken by Charles E. Melien, president of the New York, New Haven and Hartford.

Mr. Melien, in turn, the rumor says, will be succeeded by the New York, New Haven and Hartford.

By Lucius Tuttle, now president of the Boston and Maine. The consolidation of these two New England roads is part of the general plan covered by the reports now in circulation. The principal reason given for the changes is that the retirement of Mr. Harriman from the active management of the Union Pacific would do much to overcome Washington antagonism toward the system, as Mr. Melien is personally gratia with the administration.

### Record Runs for Fruit Trains.

RENO (Nev.), March 26.—The fastest time ever recorded on the Salt Lake division between Sparks and Ogden is being maintained at present to push the last of the California fruit crop to eastern markets. An average of thirty-two hours for the run is being maintained, and already fourteen trains of oranges have been put through on this record time.

## TEXAN SCOLDS PRESIDENT.

Aims Shafts of Sarcasm at Chief Executive.

Speaks of "Disgusting Usurpation of Power."

Storm of Discussion Over Weather Works.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, March 26.—More shafts of sarcasm and invective were aimed at President Roosevelt in the House of Representatives today. In one of the most scathing arraignments of a public officer ever heard in that chamber, Mr. Beall of Texas charged the President with having been guilty of "a disgusting usurpation of power," not only toward the national Legislature, but the judiciary as well.

Congress had, he said, abdicated to him its powers, and the judiciary of the country felt the effect of his influence. God and the future alone knew, he declared, just what niche he was to occupy in the temple of his country.

When the Agricultural Appropriation Bill was under consideration, Mr. Beall of Arkansas, endeavored to have inserted as a new proposition his bill prohibiting the dealing in futures in agricultural products, but the chair sustained a point of order against it.

Mr. Scott of Kansas, in charge of the bill, expressed his entire sympathy with the proposition which, however, he insisted, should be acted on independently.

Mr. Mann of Illinois raised a storm of discussion by directing attention to the fact that all of the eighteen new weather stations provided for by the bill were to be placed in States having representation on the Agricultural Committee.

Mr. Scott, however, maintained that all of them were placed in the bill on the recommendation of the Senate of Agriculture and the Chief of the Weather Bureau.

On a point of order, the several new weather stations were stricken from the bill. These stations were proposed to be located in Texas, Kansas, Virginia, Michigan, Vermont, Missouri and Indiana.

### MORE PATCHES.

#### AMENDMENTS A TO ALDRICH BILL.

SENATE FINANCE COMMITTEE ACCEPTS FOUR.

One Amendment Places Bonds of Manila and Philippine Islands Upon List of Acceptable Securities for Proposed Additional Currency. Payment of Interest on Deposits.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, March 26.—Prior to the resumption by the Senate of the consideration of the Aldrich currency bill today, the Committee on Finance held a meeting and agreed to accept a number of amendments offered by Senators Lodge, Nelson, Johnston, and Allison.

The Lodge amendment adds the bonds of the Philippine Islands and of the city of Manila to the list of acceptable securities for proposed additional currency.

Senator Nelson's amendment requires the payment of interest on deposits in national banks at such rate as the Secretary of the Treasury may prescribe, not less than 1 per cent, per annum upon the average monthly amount of such deposits.

Senator Johnston's amendment is as follows: That after January 1, 1932, national banking associations shall be considered of the Aldrich currency bill today, the Committee on Finance held a meeting and agreed to accept a number of amendments offered by Senators Lodge, Nelson, Johnston, and Allison.

(FRENCH REPUBLIC PROPERTY)

POLITICAL.

MAKE CANNON THEIR CHOICE.

Illinois Republicans Indorse His Candidacy.

Also Declare They Want Revision of Tariff.

Convention Was Most Harmonious One.

(BY DIRECT WIRE TO THE TIMES.)

SPRINGFIELD (Ill.) March 26.—Republican of Illinois today indorsed Joseph C. Cannon as a candidate for the Presidency, declared for a revision of the tariff, and elected four delegates-at-large to the national convention.

Delegates-at-large to the national convention, however, were United States Senators Shelby M. Cullom and Albert J. Hopkins, Gov. Charles Denen and Mayor Fred A. Busse of Chicago. The convention also indorsed the administration of Gov. Denen and that of all other State officers.

The candidacy of Gov. Denen to succeed himself was not mentioned, it being understood that only matters of national import were to come before the convention.

For the last two days it had been confidently asserted by the platform builders that the resolutions would favor tariff "adjustment" instead of "revision," it being the idea that revision is generally accepted as meaning reduction, and adjustment might mean the raising of some schedules as well as the lowering of others. In the last moment, however, Congressmen Henry S. Bouteille arrived from Washington, where he had consulted with Speaker Cannon and other Republican leaders, and the plank adopted today was the result.

The Cannon men had things entirely their own way, and there was not a whisper of opposition throughout the day. All motions were passed unanimously and without argument, and the applause that greeted the reading of the plank indorsing the candidacy of the Speaker was great and enthusiastic.

Just before the reading of the platform, the convention took an important and sudden adjournment because of a fire in the hotel, and many of the delegates never returned to the hall. After an interim of an hour the convention was called to order, and the second time, and the final part of the programme was carried out promptly.

### CAMPAIGNING.

#### BRYAN HAS GRIP ON NEW MEXICO.

DEMOCRATS OF TERRITORY ARE HOPEFUL OF VICTORY.

Republicans, However, Refused to Be Awed—Campaign Promises to Be Hardest Fought for Many Years—To Fight for Congressional Delegation.

(BY DIRECT WIRE TO THE TIMES.)

SANTA FE (N. M.) March 26.—(Exclusive Dispatch.) Chairman A. A. Jones of the Territorial Democratic Central Committee has called a meeting of the committee to be held in Santa Fe on Saturday, April 11, for the purpose of selecting the time and place for the Territorial convention of the Democratic party for the selection of six delegates to the national convention to be held in Denver next July.

The Democratic convention will select six delegates and six alternates, and it is expected that the delegates will be instructed to vote for William J. Bryan for the Presidential nomination first, last, and all the time, as Bryan is the idol of the New Mexico Democracy. It is understood that Mr. Bryan has already communicated with leaders of the party in the Territory, relative to the sending of a delegation to the Denver convention favorable to his candidacy, and that he has been assured that his wish will be complied with to the letter.

The coming campaign in New Mexico gives promise of being the fiercest fought of any held in recent years. A determined effort will be made

rumors the sum will range between \$50,000 and \$100,000.

Young and Reiber took the bank's money to speculate in wild-card curb stocks, and lost it all. The stock was put on the market at 20 cents a share, and soared to \$2 a share. Young and Reiber got in at 60 cents, and when the price began to fall, poured in the bank's money in the hope of stopping the slump. Then the bottom fell out.

They were not placed under arrest, but were confined in a room in the basement of the building. For three days and nights they were kept there while officials of the bank wrung from them the complete story. After the bank officials had obtained the information, the two men were placed under arrest.

**RECORD UNCOVERED.**

Alleged Scion of New York Millionaire Is Said to Be Swindler and Deserter from Army.

(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, March 26.—The Call says today: "The doubt, ever hanging over the career of Max Jagerhuber, Jr., alleged scion of a millionaire New York manufacturer, relative of a United States Supreme Justice, a United States Senator and a New York judge, who was arrested on the eve of San Francisco's earthquake for passing a worthless check at the St. Francis, has been uncovered, and he is again thrust into the light of notoriety by the efforts of the United States army officials at the Presidio to apprehend him for desertion. While awaiting sentence for co-ventrism, Jagerhuber, who served in the army for nearly two years before being placed under arrest for alleged desertion under the alias of Charles Lacey, escaped from the Presidio on Tuesday night, and is now being sought by the army."

Jagerhuber is 22 years old. He is the son, according to his statement, of Max Jagerhuber of New York, who is reported to be worth \$20,000,000.

**MEXICANS IN REVOLT.**

Santa Fe Section Foreman Has Fierce Battle With Them at Summit.

(BY DIRECT WIRE TO THE TIMES.)  
SAN BERNARDINO, March 26.—[Exclusive Dispatch.] The Sheriff's office received a hurry call this morning for assistance at Summit, in the San Bernardino Mountains, where a gang of Santa Fe Mexicans had revolted, knives being used.

Santa Fe Section Foreman Johnson arrived from Summit this evening with details of the battle. He said that he had an altercation with one of the Mexicans, who drew a knife. Johnson sprang to his help and overpowered the man, who was then shot. Johnson then fled to the section house for a shotgun and, returning, routed the Mexicans, a dozen of whom were flourishing knives and yelling as if mad. The Mexicans fled to the mountains and one was captured by Deputy Sheriff Velarde. As Johnson stepped from the train here tonight he recognized one as the ringleader skulking in a crowd and promptly arrested him. Officers are pursuing the balance through the mountains.

**COMMISSIONERS CULPABLE.**

Grand Jury of Esmeralda County, Nev., Scores Them for Their Conduct in Riskey Bank Case.

(BY THE ASSOCIATED PRESS—A.M.)  
GOLDFIELD (Nev.), March 26.—The Esmeralda county grand jury made a report to the court tonight. The most important matter presented in the report was the grand jury's findings as a result of its investigation of the affairs of the State Bank and Trust Company. Two indictments were returned against President T. B. Riskey and one against the board of directors.

The report says: "We find that the board of directors of this State bank have knowingly and wilfully neglected to perform their duty, as outlined by the statutes; that they had personal knowledge that some depositors had been preferred, and that the

their sanction. We regret that the law does not provide some penalty for the failure of the Board of Bank Examiners to perform their duty. We find that the Rehabilitation Committee, so named, is composed of attorneys, relatives of the board of directors of the defunct institution, and that their expenses and salaries are being paid out of the remainder of the depositors' money."

The report closes with a compliment to Bank Examiner Miller, and with a recommendation that the Attorney-General proceed to have a receiver appointed to protect depositors.

**HOME WRECKED.**  
**ENEMIES USE DYNAMITE.**  
(BY THE ASSOCIATED PRESS—A.M.)  
CHICAGO, March 26.—The residence of John Koppleman at Lake Station, Ind., on the Michigan Central Railroad, was wrecked by a dynamite bomb Tuesday night, presumably by persons whose enmity he incurred by riding that section of the country of slot machines.

Koppleman and his aged mother, Mrs. Emma Koppleman, were the sole occupants of the house. She was slightly injured by flying splinters and breaking glass, but the son escaped unhurt. The latter expressed the opinion that the gambling interests of Gary were responsible for the deed. Yesterday the balance of the 200 village were of the same belief. The Koppleman said he would dispose of his grain farm and stock at public sale next Tuesday, and take up a residence elsewhere.

**PLEA UNAVAILING.**  
**PRISONERS WIFE PENITENT.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, March 26.—Penitentiary, helpless, her spirit broken, the wife of J. Mortimer Wilson, who was arrested at the St. Francis Hotel on a charge of forgery, pleaded with the police this morning to be sent back to Boston in company with her husband. The police refused to grant her request. As there was no evidence which to hold the wife of the alleged forger of many aliases, the police released her this morning.

J. Mortimer Wilson starts for Boston tomorrow in custody. When he reaches there he will be placed on trial for one of his many alleged offenses.

Mrs. Wilson was formerly Elizabeth Sargeant, and the wife of a Baptist clergyman. She was divorced from him some time before she married Wilson.

**ROBBERS RUN AWAY.**  
Frightened by Explosion of Dynamite Which Blew in the Front of Bank Building.

(BY THE ASSOCIATED PRESS—A.M.)  
COFFEYVILLE (Kan.), March 26.—An attempt was made to rob the State Bank at Earlton, near here, last night. No money was secured.

The safe was located in the front of the building, and the charge of nitroglycerine used by the robbers was so heavy that it blew the entire front of the building into the street. Frightened, the robbers fled. A posse is in pursuit.

C. T. Carpenter, vice-president of the Condon National Bank of this city, received an anonymous letter today, telling him to be ready to pay a stranger \$300 on demand, under penalty of having his bank and residence destroyed by dynamite.

**NEGRO WRITES CONFESSION.**  
Declares That Kansas Man Convicted of Murdering His Own Father Is Innocent.

(BY THE ASSOCIATED PRESS—A.M.)  
EMPORIA (Kan.), March 26.—Louis T. Archer, a negro of this county,

aging editor of the Kansas City Post, by a jury in the criminal court tonight. The verdict stated that John Horne was insane when he shot Groves, and has not fully recovered, and commits him to an asylum.

**WARREN IS FREE.**  
BARKERSFIELD, March 25.—"Shorty" Warren, a teamster who shot and killed Henry Dwight of Los Angeles in Johannesburg last fall, was acquitted of the murder charge last night after the jury had been out but a short time. Three ballots were taken. Warren has a wife and seven children, and with them he will leave tomorrow for his home in Parowan, Utah.

**UGHT TO LIVE LONGER.**  
Bishop Fallows Says Man Should Attain an Age of at Least One Hundred Years.

(BY THE ASSOCIATED PRESS—A.M.)  
CHICAGO, March 26.—Three score and ten years of earthly existence is an old-fashioned allotment of a man's life, whereas now 40 or 45 is declared to be the climax.

Bishop Fallows was speaking on "The Mission of Pain" at the St. Paul's Reformed Episcopal Church.

Fire, which started at Winchester, Ky., early yesterday, caused a loss estimated at \$150,000. One business block was destroyed and other buildings threatened.

**SAYS HUSBAND BEAT HER.**  
Charged with lashing his wife, Mary Cacamillo, with a whip, Gaytana Cacamillo, a fish peddler, was arrested last night on a warrant. In her complaint Mrs. Cacamillo says he chased her out of the house Wednesday afternoon and threatened her. Several neighbors will testify against the man. Mrs. Cacamillo's arms were covered with welts and the skin was broken across her left cheek. The couple live at No. 2363 East Sixteenth street.

**SUICIDE IS VERDICT.**  
A Coroner's jury yesterday returned a verdict of death from gunshot wound inflicted with suicidal intent in the case of Frank N. Over, a waiter who shot himself through the heart late Wednesday afternoon. Over was despondent through brooding over imaginary troubles.

**CRIME BRIEFS.**  
Eagle Charged With Crimes.  
BUTTE (Mont.) March 26.—Phil Miller, secretary-treasurer of the local order of Eagles, and well known in the circles of that organization throughout the West, was arrested yesterday, charged with the embezzlement of \$205 of the funds of the local order.

**Filipinos Charged With Murder.**  
OAKLAND, March 26.—Ben Josepha, alias Wilkins, a Filipino, 20 years of age, was arrested and locked up by the Oakland police on the charge of murdering Wong Ting Gien at Fair Oaks, San Mateo county, on February 4. The man was identified by a Chinaman, who informed the detectives. A reward of \$600 for the man's arrest was offered by the Chinese Six Companies.

**For Distributing Anarchist Circulars.**  
CHICAGO, March 26.—Three boys who were distributing circulars announcing an anarchist meeting tomorrow evening, were arrested by the police in the Ghetto last night. The bills advertised that William Nathanson would speak. They also said that Knute Hanson would speak on "Hunger." The meeting will be held, according to Nathanson, at Matthews' Hall, Miller and Taylor streets, under the direction of the Edelstadt group.

**Former Army Captain Indicted.**  
CHICAGO, March 26.—The Federal grand jury today indicted Daniel Kelly, a former captain in the United States Army, who is accused of having stolen quartermaster's checks from "Capt. Wigget, quartermaster at Ft. Sheridan, Ill."

leaves, while Wright's game was  
clearly affected by his illness, which  
necessitated a day's postponement of  
the contest.  
Wright was off his stroke nearly the  
entire game and in addition he got all  
the worst of the break of luck.  
Score:  
Conklin (400)—17, 2, 47, 1, 5, 46, 38,  
1, 2, 21, 1, 15, 15, 19, 2, 1, 2, 4,  
1, 22, 3, 10, 3—400. Average, 16. High  
runs, 71, 47.  
Wright (400)—0, 2, 1, 2, 44, 48, 0, 1,  
19, 6, 6, 16, 21, 19, 14, 5, 10, 4, 30, 52, 7,  
2, 1, 9, 5—312. Average, 12 13-25. High  
runs, 52, 45.

**Hoppe's Victory Easy.**  
NEW YORK, March 26.—Willie  
Hoppe tonight defeated Edward Mc-  
Laughlin of Philadelphia, at 13-2 balk  
line billiards, 400 to 192. McLaughlin  
played in the place of Jake Schaefer,  
who is ill.

**DANGEROUS TRIP.**  
Italian Yachtman Will Attempt to  
Cross Atlantic in Boat Twenty-  
four Feet Long.

(BY THE ASSOCIATED PRESS.—P.M.)  
NEW YORK, March 26.—Carlo de  
Peloglio, an enthusiastic Italian  
yachtman, is going to make an at-  
tempt to cross the Atlantic in a twenty-  
four-foot sailboat. The start will be  
made from New York Harbor on July  
1, and the ultimate destination is to  
be Genoa, Italy. The daring task that  
Mr. De Peloglio will undertake is the  
outcome of a wager when he and the  
Marquis Zanotti of Rome.  
These two yachtmen have long been  
rivals in Mediterranean races, and  
Peloglio made the assertion that he  
thought it possible to cover the long  
expanse of ocean between here and the  
birthplace of America's discoverer, the  
Marquis offering to make the bet that  
he would find it too difficult a propo-  
sition for a boat of so small dimensions  
to navigate the long stretch.  
Mr. De Peloglio will be accom-  
panied on his trip by only one per-  
son. His partner will be the Viscount  
de Lamoignon of Paris.  
Although there is no time limit set  
by the Marquis Zanotti for the accom-  
plishment of the trip, the young sailor  
says that with favorable weather he is  
confident of making the port of Genoa  
in forty days.

**Cornwall Girls Lose.**  
A spirited game of basketball was  
played yesterday between the girls of  
the Cornwall-street school and those  
of the San Pedro-street school. The  
game took place on the grounds of  
the former, in the presence of a large  
crowd of excited pupils and patrons,  
and although the Cornwall five lost to  
the San Pedro team, by a score of 13  
to 18, the defeated girls are jubilant  
at their good showing with the more  
experienced team.

**Jeckey Very Lucky.**  
WASHINGTON, March 26.—[Exclu-  
sive Dispatch.] Willie Shaw has re-  
ceived by cable an offer from Baron  
Oppenheim, a prominent German turf-  
man, to ride for him in Germany this  
year, at a salary of \$15,000. As yet  
Shaw has not made up his mind in the  
matter.

**Soldiers' Field Day.**  
SAN DIEGO, March 26.—The quar-  
terly field day at Fort Rosecrans be-  
tween soldiers of Companies 115 and  
Twenty-eight of the coast artillery  
was won by the former.

**AVOID SECRET  
STOMACH REMEDIES**  
Because Most of Them Contain Dan-  
gerous Ingredients, Which Pro-  
duce the Drug Habit.

Thousands of people, having dys-  
pepsia or stomach troubles in some  
form, continually "dope" themselves  
with all sorts of secret tonics, drugs,  
pills, cathartics, etc., which not only  
do not cure but irritate the stomach and  
intestines, but in many cases cause  
the opium, morphine and cocaine  
habits.

You've a right and should demand  
to know what any medicine contains  
before you take it, unless it is put up  
or recommended by some reputable  
physician. Fakes and quacks will put  
most anything into their secret prepa-  
rations to make you like their use-  
less stuff so as to want more of it,  
until it makes you the victim of some  
drug habit, which will ruin your health  
in a short time.

Stuart's Dyspepsia Tablets are not a  
secret remedy, they do not contain  
injurious drugs, and they are recom-  
mended by thousands of physicians in  
the United States and Canada, to their  
patients for dyspepsia, catarrh of the  
stomach, and all other stomach trou-  
bles resulting from improper diges-  
tion of food.

These wonderful tablets actually di-  
gest food because they contain the  
very elements that are required of a  
healthy stomach to properly digest  
food, thus acting as a substitute and  
giving the overworked digestive or-  
gan a rest and a chance to regain their  
former health, strength and vigor.

Stuart's Dyspepsia Tablets contain  
fruit and vegetable essences, the pure  
concentrated tincture of hydnorin, and  
golden seal, which tone up and  
strengthen the mucous coats of the  
stomach and increase the flow of gas-  
tric and other digestive juices; lactose  
(extracted from milk); nux, to  
strengthen the nerves controlling the  
action of the stomach; bismuth to ab-  
sorb gases and prevent fermentation;  
and pure pepsin (gov. test) of  
the highest digestive power. All of  
these are scientifically incorporated in  
these tablets or lozenges and consti-  
tute a complete, natural, speedy cure  
for any stomach trouble.

Stuart's Dyspepsia Tablets are sold  
in large fifty-cent boxes, by all drug-  
gists.  
Write us for a free sample package.  
This sample alone will give you suf-  
ficient relief to convince you. Address  
F. A. Stuart Co., 150 Stuart Bldg., Mar-  
shall, Mich.

# SALE OF BANKRUPT STOCK

**Nothing Like it Ever Happened in Los Angeles Before**  
**The Central Department Store**  
**Almost Half a Million Dollar Stock at Half and Less**  
**The Mightiest Merchandising Event Ever Pulled Off. Crowds from All Southern California Pack the Store Daily.**

**Furnishings for Men and Women At About Half**  
A well-selected and carefully bought  
stock of men's and women's furnis-  
hings, on sale at about half price.  
Most all of it standard lines.

As a snow ball gathers force as it rolls, so this Bankrupt Sale takes on added  
significance each succeeding day with the shopping public. The first two days  
only served to give them an idea of the unparalleled opportunities to economize in  
this sale. Every day reveals bargains in high grade, wanted merchandise that it  
would be impossible to offer if it were bought in the regular way. This immense  
stock which represents a half a million dollars at the retail price, was purchased  
by us at about 50c on the \$. All departments in an up-to-date department store  
are represented. It is all new, fresh and clean as the Central Department Store  
was not in business one year. Every one can see what a chance this is to buy  
"classy" goods at half and less.

**Thousands of Beautiful Waists Now at Half Price**  
A bewildering variety of the daintiest  
waists, in some of the most beautiful  
effects the style designers have con-  
ceived, all on sale at half.

**A \$50,000 Stock of Men's and Boys' Clothing On Sale At Half**  
Perfectly tailored suits in a choice assortment of popular new shades, colors and pat-  
terns. Perfect fitting, distinctive, cleverly built garments that will appeal to good  
dressers; an extraordinary offering at half price. On sale third floor, south building.

**Easter Only a Few Weeks Off Women's Stylish Garments On Sale At About Half**  
Think of what this means to the woman who wishes to be well dressed. If you in-  
tended to pay \$20 or \$25 for a new suit attend this sale and buy one that retailed regu-  
lar for twice the amount. No such opportunity as this has ever been offered the women  
of Los Angeles in Suits, Coats and Skirts.

## GIRLS' MERRY DANCE JARS SUNDAY-SCHOOL.

Five of Those Who Took Part Are  
Expelled and the Magnolia-avenue  
Christian Church Takes Sides on  
Act of Man-Teacher of Class.

WERE he not a devout servant of  
the Lord, as well as a rich, fac-  
toring young bachelor, Charles  
O. Goodwin might have been driven to  
wickedness by the events of the  
last twenty-four hours.

Verily, the troubles of the alluring  
and skilled "bach" trying to teach a  
Sunday-school class of sixty-five girls  
are many and devious, and might lead  
men to search the vocabulary for words  
beginning with D—including damn and  
dear.

Five of Mr. Goodwin's Sunday-school  
class have been summarily expelled,  
and Mr. Goodwin's own connection  
with the feminine riot was investigated  
yesterday at a meeting of the  
Magnolia-avenue Christian church.

Lawyers, parsons, tears and irate  
mothers were features of the meeting.  
The trouble was over a party.  
Goodwin didn't think it was to the  
spiritual welfare of his flock to mix  
socially at a dancing party given on  
the night of St. Patrick's Day in the  
Morning. All the succeeding dreadful  
events happened because the girls went,  
anyhow.

HIS FATHERLY CONCERN.  
Mr. Goodwin, to begin at the be-  
ginning, is a rich young real estate  
agent of this city. He has an automo-  
bile and a fine reputation and a bank  
account like the Eiffel Tower, and an  
impeccable, fatherly attitude toward  
all marriageable young women.  
He has been for some time head of  
the prize Sunday-school class at the  
Magnolia-avenue Christian church.

Unnecessary to say, the success of that  
Sunday-school class is amazing.  
As an adjunct to the severely re-  
ligious features of the class, Goodwin  
has arranged for the girls into a society  
called the Delta club—for friendly help  
and pleasure.

In summer, Mr. Goodwin rents a  
house at Long Beach and sends his  
whole class, properly chaperoned,  
down for sea air. For week days, he  
rents a tennis court for them; has a  
basketball team.

On March 17 four girls of the class  
gave a birthday party. It happened  
that their birthdays came on the same  
day. They were charming seven-  
teeners.

They were Florence Sherriff, Alice  
Butcher, Avis Neale and Estene  
Butcher.

They had so many friends that they  
couldn't get them all into one house,  
so they hired a hall.  
Mr. Goodwin's invitation was to the  
class, and the girls, of course, were  
out, there was to be dancing.

He was considerably horrified.  
In his capacity as spiritual adviser,  
he called on the mother of little Miss  
Butcher and asked firmly that the fes-  
tivities cease.

MRS. BUTCHER FIRM.  
The answer that he got was blood-  
curdling. Mrs. Butcher is a sister of  
the world-renowned Carrie Nation  
and is a determined woman.

Actors in Stirring Sunday-School Rumpus.  
Teacher C. O. Goodwin and three of the girls of his class who were expelled  
from the Delta club, a social organization connected with the Magnolia-  
avenue Christian church, because they disobeyed his wishes by giving  
a dance.

**LONG JOURNEY**  
**ENDS SADLY.**  
**MOTHER COMES FROM NEW YORK**  
**TO FIND CHILD DEAD.**

Prostrated by Shock and Lies in  
Stout While Funeral Service is  
Conducted—Daughter Was Mem-  
ber of Shakespeare and Wednesday  
Morning Clubs and Former Teacher.

Mrs. F. E. Barnum of North Ban-  
gor, N. Y., journeyed 3000 miles to  
visit a daughter in this city whom she  
had not seen for ten years, and arrived

**Mrs. J. H. Crawford,**  
club woman and former school teach-  
er whose parents, journeying far  
and expecting her to meet them,  
arrived a few hours after her fu-  
neral.

several hours after the body of her  
deceased daughter had been laid to rest in  
Forest Lawn cemetery. The mother, who  
is 72 years old, is prostrated by the shock.

The daughter, Mrs. J. H. Crawford,  
wife of a well-known railroad man, was  
preparing for her mother's reception  
when she was stricken with the illness  
which proved fatal. Not realizing that  
she was dying, she directed the house  
cleaning as she lay in bed, and just as  
everything was done, death claimed her.

It was not possible to communicate  
with Mrs. Barnum, as she had not sent  
word by what route she was coming to  
Los Angeles. She arrived on a Salt  
Lake train Wednesday morning and  
was radiant with happiness. Her joy  
at being at last in the same town in  
which she believed her child to be liv-  
ing knew no bounds.

Engaging a cab, she was driven to  
the North Workman street house. As  
she was ascending the steps, she not-  
iced a lavender ribbon on the front  
door. Even then she had no suspicion  
of the news that awaited her.

## PALPITATING EMISSARIES.

Hearst Stars Shoot Down to  
Twinkle for Burglars.

Robert and Hamilton Are in  
Los Angeles.

Deperate Exertions to Head  
Off New Warrants.

Never was a newspaper in such a  
sulphurous hole of yellow misery as  
the Los Angeles Examiner finds itself  
as a result of the burglary committed  
by its men at San Diego March 16,  
and the arrest and imprisonment of  
three of its staff.

The whole local office has been  
shaken by fright and dismay for over  
a week, and the spasms have extended  
to San Francisco.

Two of the star performers of the  
San Francisco Hearst circus have been  
here for two days, making the most  
agouizing exertions to call off the  
prosecution. They are Managing Editor  
Robert of the San Francisco Ex-  
aminer, and E. H. Hamilton.

If "Gumshoe" Ed Nichols, Hearst's  
personal representative and chief  
statesman of the Independence  
League, has been unable to fix things,  
after the most strenuous labors, and  
other brilliant luminaries of the Hearst  
staff have also tried in vain, it is diffi-  
cult to understand why anything  
should be expected of such a greasy  
tailor-dip as Ned Hamilton.

But they have all been wrest-  
ling and sweating with the problem  
of how to save the burglarious Ex-  
aminer reporters from the penitentiary  
—and more than that, how to prevent  
the prosecution of the Examiner edi-  
tors on the charge of receiving stolen  
goods.

It was decided long ago at the local  
Examiner office to let the poor report-  
ers take their chances. The reason for  
all these harlequin stunts is the  
knowledge that there is no escape for  
the editors who handled and published  
the photographs if complaint for re-  
ceiving stolen goods is served upon  
them, as has been threatened.

So Managing Editor Robert and  
"Fixer" Hamilton came down from the  
north to unite their immortal pressure  
with that of "Dodge" Haines and Roy  
Nichols and Jimmy Lanehart upon the  
aggravated San Diegans, some of whom  
were in Los Angeles yesterday.

Nothing doing.  
The only satisfaction the peniten-  
tialaries got is the assurance that  
the matter is in the hands of the  
court now, and nobody in San Diego  
has any desire to take a hand in com-  
pounding a felony.

The case against the burglars is  
complete. They broke the lock and  
the broken lock is in evidence. They  
secretly, feloniously and by force  
entered Photographers Fitch's studio  
in the night time, after he had re-  
fused to sell them the Magdalene Bay  
photographs. They stole the films.

They took them to Los Angeles on a  
special train ordered by one of the  
editors of the Los Angeles Examiner.  
The Examiner printed the stolen pic-  
tures Tuesday morning, March 17.  
When they had been exposed and a  
criminal complaint had been lodged,  
the terrified Examiner burglars sent  
the films and used films back to the  
photographer. They owned up.

The Examiner declared that while the  
photographs were stolen they were "of-  
fered" to the Examiner with ex-  
planation as to how they were ob-  
tained and that virtuous sheet pub-  
lished them not knowing that they  
were the loot of a burglary—this bold  
assertion in view of the fact that the  
Examiner chartered a special train  
to bring the proceeds of its burglary  
from San Diego to Los Angeles.

At one time, according to the allega-  
tions of Mrs. West, her husband threat-  
ened to kill their little girl with a  
hammer and bury her in the potato  
patch on the back of the lot. Other  
wild threats were made.

West explained at the station that his  
first wife in Kansas City had de-  
serted him for a baseball player and  
he did not want to take any chances with  
the second one. He told Officer May  
that he had approached Mrs. West and  
asked her if she kept company with  
any other man, whereupon Mrs. West  
replied by hitting him on the head with  
a poker.

After that the trouble in the West  
family assumed proportions. Shortly  
after the release of West from the City  
Jail Mrs. West and her baby were  
examined by Drs. Wiley and Bourque.  
At that time it was thought that West  
was insane. His wild jealousy and his  
continued threats against his wife  
caused the police to keep a close watch  
on him.

At one time, according to the allega-  
tions of Mrs. West, her husband threat-  
ened to kill their little girl with a  
hammer and bury her in the potato  
patch on the back of the lot. Other  
wild threats were made.

on him.

THE REAL CULPRITS.  
Those really responsible for the crime  
are the men who should be punished—  
not the callow young reporters who  
merely did what they were told to do.  
The general sentiment of those fam-  
iliar with the circumstances is that  
it will be a shame if the boyish emis-  
saries, who broke into the studio, un-  
der orders, and took the booty to Los  
Angeles in a special train, under orders  
of these thoughtless tools of the man-  
agers of the paper have to go to prison  
for a plain burglary, and the managers  
get off. The guilty managers should  
pay the penalty for the crime, not the  
boys.

The burglary did not originate in the  
minds of these youths. They were com-  
missioned by the editors of the Ex-  
aminer, who were frantic because the  
Times expedition had returned from  
Photographer Fitch's studio with the great  
Magdalene Bay with the great narra-  
tive and lavish assortment of pictures  
of the arrival of the battleship fleet,  
while they (who had not had the enter-  
prise to send anybody down there)  
were left high and dry. It was this  
frustration, and the desire to get the  
magazine at being so conspicuously  
nominally beaten that led to the Ex-  
aminer burglary of the two paltry films  
from Photographers Fitch of San Diego,  
and the payment of \$200 to the Santa  
Fe for a special train to bring the mis-  
erable plunder to Los Angeles.

It happened that Photographer Fitch  
was the agent of the San Diego Cham-  
ber of Commerce, whose leaders were  
too indignant to overlook the steal-  
ing of the pictures and the great narra-  
tive and committing burglary; hence  
the sleeplessness of the Examiner man-  
agers, who foresaw that they are likely  
to be the next to be arraigned.

Query: Will Hearst himself come here  
to take a hand in the melancholy busi-  
ness of trying to squelch criminal pro-  
ceedings?

Another query: Now that the case is  
in the hands of the District Attorney of  
San Diego county, who is an able and  
incorruptible officer, what can he do but  
proceed according to law?

Robert and Hamilton go to San Diego  
today to prevent prosecution.

**MINES AND MINING.**

**Another Important Strike Made at Rawhide—Mohawk Finds Large Body of High Grade Ore.**

The correspondent of The Times at Rawhide is authority for the statement that a very important strike of high-grade ore has recently been made upon the Owl One lease on the Roseberry group, on the south slope of Hooligan Hill. Last Friday, in a temporarily abandoned shaft, which is sixteen feet deep, one of the men fired a shot into the wall at a depth of about ten feet. The result was the exposure of about six inches of fine ore, which will run away up in the sensational values.

The shaft where the recent discovery has been made is about forty feet south of the Flynn-Ryan workings, where two weeks ago another body of high-grade ore was exposed. The Owl One lease is bounded on the east by the Truett No. 2 block, formerly known as the Te Annoni, where ore is being broken down on canvas to prevent loss of the free gold with which it is impregnated. The main shaft of the Owl One is seventy feet deep, and on that level a crosscut has exposed twenty-five feet of good milling ore.

Among important deals which have recently been made in the new boom camp is the sale of the property of the Rawhide Consolidated Annex Company, consisting of a fractional claim adjoining the Hail Horset extension and D. & B. claims of the Consolidated group. It is bounded on the north by the Bald Horset, upon which the Murray, Big Four and Bonanza leases are now being operated. The property is considered among the best speculative ground in the district. Among those who are interested in the new company, which has already commenced development work, are Volney D. Leonard, the Rawhide banker; Jack Flynn, formerly superintendent of the Mohawk and Combination mines at Goldfield; George Moss of Rawhide; Emil Grutt, N. H. Truett and Judge Dean.

**Mohawk's Last Find.**

A well-known Nevada miner, who has been engaged at the Mohawk in Goldfield for the past few months and who is now visiting in this city, is authority for the statement that a five-foot body of 350 ore has recently been uncovered in the mine of the 40-foot level of the Mohawk mine. The mine is now about 150 feet deep, and is being pushed down to meet a raise which will be brought up from the 600-foot level. When the connection has been made, a block of ground, 240 feet on the dip of the vein, will have been opened up, and it can therefore be estimated how important the recent find is to the value of the mine. The stock of Consolidated has been showing some increased strength during the past few days, and it is believed that the recent strike is directly responsible for the advance. It is also reported in an unofficial way that the diamond drill work on the Red Top ground has disclosed some phenomenally rich ore bodies at great depth, and that the information is being kept quiet. A shaft which was being put down on the line between Red Top and Laguna has been abandoned at a point supposed to be within forty feet of the vein, and it is whispered around Goldfield that there will be no more development at that point until the market has been cleared of cheap stock. It is believed in Goldfield that the property of Consolidated never looked as well in its history, and the appointment of MacKenzie as manager has tended to increase the feeling of optimism. A year ago he was in charge of the La Ro mine at Roseland, B. C., and is generally conceded to be one of the most competent men in his line.

**Balloon Hill Fraction.**

Among recent notations in which Los Angeles stockholders are interested is that of the Balloon Hill Fraction Mining Company, which has acquired the Lone Star No. 2 and Billy, Jr. fractions, consisting of about fifteen acres in the developed district of Rawhide. The claims join the Lucky Strike on the east, and are separated by the same claim from the property of the Consolidated Mines Company on Balloon Hill, where a great many of the best producers of the camp are situated. The company is incorporated under the Nevada laws for 1,000,000 non-assessable shares, with 400,000 shares in the treasury. The officers are P. H. McLaughlin, president; H. W. Boyer, vice-president; J. E. McLaughlin, secretary; and W. E. Lawson and E. W. Thomas, directors. About 125,000 shares of the stock are held in this city. The issue was called for the first time yesterday on the Los Angeles-Nevada Exchange, when 46,000 shares were transferred at from 5 to 1-4 cents.

**Movements of Mining Men.**

George E. Pfunder, the well-known mining man, who has followed all western excitements for the past forty years, and who is now interested in Searchlight and Hart, is in the city on his way from Butte, where he has been on business. He reports Butte as quiet, but says that the gradual re-emption of Anaconda mines is beginning to have a beneficial effect. He will leave for Hart on Monday.

H. S. McCallum, president of the Hart Business League, accompanied by Col. O. P. Posey and the mining editor of The Times, will leave for Hart this evening. The latter will represent a special report upon the district for this paper, and it is expected the article will appear in the Sunday issue of April 4. The information will be drawn from personal inspection of the principal properties of the camp and a study of the general conditions.

At yesterday's meeting of the directors of the Chamber of Mines the following new members were elected: Fred P. Evans, Union Iron Works; J. Vernon Hoffman, Loomis & Brown; George Steckel, Southwestern Machinery and Supply Company; Brock & Peagane, Charles P. Harris and P. E. Roy, all of Los Angeles; and G. A. Marsh of Hart, Frank P. Seburn, Orange Blossom Mining Company, Bagdad and Joseph Luxon, Orange Blossom Extension Mining Company, Ambloy.

**TRUNK MAN NOT BANKRUPT.**

May Continue in Business, Despite Assignment, Unless Federal Judge Reverses Decision.

In a decision filed in the United States District Court yesterday by Lynn Helm, referee in bankruptcy, it is held that T. L. Caroe, the trunk manufacturer, should not be adjudged bankrupt. Under Judge Webber's decision, Caroe will be able to continue in business after making terms with his creditors.

He made an assignment to H. B. Roeder, secretary of the Board of Trade, on February 15, and soon after several creditors filed an involuntary bankruptcy petition in the Federal Court. The referee holds that the assignment does not constitute an act of bankruptcy.

**THE OIL INDUSTRY.**

**LEASE DEMANDS MUCH DRILLING.**

**ONE HUNDRED AND SIXTY WELLS REQUIRED BY CONTRACT.**

**Midway Land to Be Developed Quite Fully, According to Report. Local Man Refuses to Name Price for Holdings There—Chance of a Railroad—Rotary Rigs.**

Elmer Jones, of Bakersfield, and associates have leased Section 22-23-24 in the Midway district from J. M. Hollaway and James Briscoe. This covers the Lucky Hot and the Parnell companies. It has two wells, drilled years ago to 100 feet or thereabouts, so that it is proven land. It is reported upon what seems to be good authority, and it is current talk in the local oil world, that a condition in the lease is that 100 wells will be drilled within ten years, which will cover the ground quite closely. Several operators, in discussing it, express the opinion that this is not the best bargain, if true.

In what light the Midway region is regarded at this time is shown by the recent refusal by a local man of \$1500 an acre for forty acres of practically proven but undeveloped territory. The same person positively refused to name any price, saying he would not consider an offer.

While the railroad people will give out nothing as to their intentions, it is the universal opinion among Midway men that extension is certain to start up within a short time. Surveyors have been at work, the route is mapped out and the way the Santa Fe is drilling strongly indicates an early opening of the district. The fact is that with the growing fuel demand this hardly can be delayed much longer.

**New Rotary Rig.**

H. P. Rickard, representing a Texas supply company that expects to put in a Pacific Coast branch here, is endeavoring to introduce a new rotary rig which, he asserts, has several great advantages for work in California. Cables have been used exclusively in this State, except for a few experiments, although the Associated has just made a successful test with a rotary at Colalinga.

Rickard says that with his rig a well can be put down in a fraction of the time now consumed and at a small part of the cost. One string of pipe is used to carry the bit down, the 6-inch variety being generally employed. Heavy mud is forced down the pipe to control the pressure, instead of water, the same being raised to the surface outside the pipe by its movement plastering the walls and it can then be used again. By this method Rickard says the danger of losing tools is removed. Operators will welcome any improvement that promises to lower cost, especially in the deeper fields.

**Deep Drilling on Desert.**

At 2805 feet the Kramer Consolidated Oil Company of this city reports being very much encouraged over returns from its well three miles north of Hualth station on the Santa Fe, near Barstow. A good oil sand is now revealed, and it is filled with asphaltum.

This company's story is one of persistence probably without a parallel. Years ago it was formed, the incorporators being local men with no great means. A. A. Hamilton, president, and W. G. Forsythe, secretary. They started work, but the well failed. Later they began on a second, and again an accident put an end to their operations. The "oil world" published the company's obituary, and its name was placed in the list of defunct "wild-cat" operators. The backers, however, declined to accept this verdict. They scraped together funds to make a third start with the result above stated. They are still busy.

A year since hardly a man in the city but who supposed the company dead and buried. Scarcely a thought was given to that region; now the entire surrounding country is covered with locations. A company of Pasadenaans and one or two Barstow men, just incorporated, has just acquired a section a little north of this well. J. M. Jameson of Bakersfield, Assessor of Kern county, and associates have also just taken up territory. The American Oil Company, organized by Chicago people, the Theima, Pasadena, Chicago and Michigan men, with C. H. Dunsmore, formerly State Bank Commissioner; the Uihall, Square Deal, Carey, Rex and Busby Oil companies, are among those that have holdings. The indications show a pretty good oil belt, say those interested, of forty to twenty-five miles. No further drilling is being attempted or is likely to be until the Kramer's success or failure is fully demonstrated. The Kramer's experience shows that oil, if it exists in commercial quantities here, is to be found at close to 3000 feet or more. While it may be had at some other point in the district, at least, everything points to costly and very deep wells.

**Palmer and Associated.**

Santa Maria reports say that the Associated has contracted for 2,000,000 barrels in three years from the Palmer Oil Company, which has just finished its well No. 2 at 1800 feet. According to these reports, the Associated, which has some 500 acres near by, will extend a pipe line to the well. Some doubt, however, is expressed to the probability of this last, as the Palmer was quite recently offering stock at 50 cents to finance a pipe line of its own. The new well's product is lighter than the first's, which was about 14 gravity.

The Colberts has just obtained oil at 2400 feet, this being the producer furthest out on that edge of the belt. The Brookshire has just completed its No. 4, and has Nos. 7 and 8 nearly finished.

**PREPARE FOR FENCE CASE.**

**Trial of Wealthy Cattle Owner Promises to Be One of the Most Sensational of the Year.**

Federal officials are preparing for the trial of E. M. Duran, a well-known manufacturer and cattle owner of this city, charged with illegally enclosing thousands of acres of government land in the Antelope Valley. Deputy United States Marshal Franklin is serving subpoenas on a score or more witnesses who will be required to be in attendance at the opening of the case in the United States District Court the second week in April.

The defendant is prepared to make a strong fight and has the sympathy of the ranchmen in the section where the alleged offense was committed. The ranchmen assert that he is not for the fence the cattle would roam freely into their wheat and barley fields and work great damage. It probably will be claimed that no government land was enclosed, unless by mistake, and that the fences were erected for the protection of the farmers. Owing to the prominence of the defendant, this promise to be one of the most sensational criminal cases to be tried in the United States Court this year.

**NOT FALSE TO COMPANY.**

**THE POLICE COURTS.**

**Doctor Hurling to Arrive Before the "Stork" Not Liable for Speed Violation.**

Dr. Guy Cochran of No. 234 Loma Drive, who was arrested by Motor Vehicle Officers Humphrey and Coe, Wednesday afternoon, yesterday pleaded guilty to a charge of driving his automobile at illegal speed, and stated that he was hurrying to reach a house before "the stork" visited it.

Justice Austin promptly dismissed the charge, and said that any physician on an errand of that kind could drive as fast as he wanted to.

Dr. Cochran explained: "When the officers called to me to stop, and I slowed down and explained to them the necessity for haste, they detained me some time."

**Chain Gang Recruit.**

Robert J. Coffey, who made a sensational break for liberty, after his arrest, Saturday afternoon, was sentenced to ninety days on the chain gang by Justice Austin yesterday.

He was convicted of carrying a concealed weapon. Mrs. Alice McFarland of No. 416 South Hope street, alleges that he robbed her of jewelry valued at \$400. The police are investigating.

**DEBATE AT OCCIDENTAL.**

Occidental Academy and Pasadena High School will debate tonight in Occidental chapel under the auspices of the Southern California Scholastic Debating League. The question for debate is: "Resolved, that the United States should grant to the people of the Philippines self-government, to take effect not later than 1915." Karl Granger and John Blackford, representing Occidental, will uphold the affirmative, and Pasadena High School will take the negative. The Presbyterians have prepared a special song and yells for the occasion, and the academy orchestra will play. The chapel will be decorated with the colors of the competing schools.

## EVENTS IN LOCAL SOCIETY.

MRS. CHAFFEE, wife of the lieutenant-general, was the guest of honor at a charming luncheon given by Mrs. Cornelia Cole of Colgrove, wife of the former Senator. The table was attractively adorned with jonquils and daffodils and poppies. Among those for whom covers were laid were: Mrs. Emma Cole Brown, Miss Jones of Steel, Mrs. Mary Steel, Mrs. A. E.

itting in this city. The hostess was assisted in receiving by her daughter, Mrs. Joseph Seymour. Among those present were Miss Florence Steel, Miss Katherine Seymour, Mr. and Mrs. George Gribben, Mr. and Mrs. John V. Switzer, Mr. and Mrs. A. E. Houghton, Mr. and Mrs. W. P. Freeman, Mr. and Mrs. F. H. Salisbury, Mr. and Mrs. Hamilton Wallace, Dr. and Mrs. Donald Steel, Mrs. Mary Steel, Mrs. A. E.

Photo by Hollander  
Mrs. J. Samuel Eastman, who became a bride at a pretty home wedding last evening.

Cleveland, niece of Senator Jones; Mrs. Seward Cole, Mrs. Schuyler Cole, Mrs. Reginald H. Jones and Miss Marjory Brown.

## Fashionable Dance.

A dancing party to which a large number of prominent society matrons and matrons have been bidden will be given on the evening of April 1 by Miss Lily Olshausen of No. 1505 St. Andrews Place, in honor of Miss Lisa Knecht, who recently returned from an extended European trip. The hostess will be assisted by her mother, Mrs. G. A. Olshausen, and a number of young friends.

## Miss Drake Engaged.

A ripple on the surface of the social sea was created yesterday afternoon by the formal announcement by Mr. and Mrs. Charles Rivers Drake of No. 2223 South Hoover street, of the betrothal of their daughter, Miss Elizabeth, to Thomas Moyer Green of Philadelphia. The secret was revealed at a delightful luncheon and bridge party. The bride-elect, who is very popular, is a sister of Mrs. J. Kingsley Macomber, Jr. The wedding will be solemnized in June.

## Miss Seale Engaged.

Mr. and Mrs. Seale of No. 1815 Pacific avenue announce the engagement of their daughter, Miss Grace, to Lee Dawson of this city.

## Informal Evening.

Mrs. Ora Eldridge of No. 3061 South Grand avenue entertained informally in honor of Nebraska who are vis-

## WALNUT-BLEACHING SUITS.

San Jose Concern Apparently Bent on Prosecuting All Growers for Alleged Infringement.

With the filing of suits yesterday against the La Habra Walnut Growers' Association, the Santa Paula Commercial Company and the Lemonaria Company of Santa Paula, in the United States Circuit Court, by the Anderson-Barnegrove Manufacturing Company of San Jose, it is evident that the concern is bent on prosecuting every walnut grower's association in the State for an alleged infringement of a patent bleaching process.

Judgment already has been obtained in the local Federal Court against the Fullerton Walnut Growers' Association for \$25,000. This case is on appeal and before the walnut growers give up the fight for the right to use the bleaching process, it will be carried to the United States Supreme Court.

The San Jose company asserts it owns an exclusive patent purchased from Daniel Farwell, for bleaching nuts and dipping dried fruit. In its numerous suits filed in the last year, damages have been sought as well as a permanent injunction. Its attorneys aver that all growers of the State must pay tribute to the Anderson-Barnegrove Manufacturing Company in order to use the process which has been judicially determined to be the exclusive property of the San Jose concern.

Until the appealed case is finally determined, it is not likely that any of the other cases will be pressed for trial.

## FIREMAN'S LAST CALL.

Brethren of Relief Association Pay Tender Tribute to Memory of Deceased Engine Driver.

The funeral of Joseph H. Maulhard, late driver of Engine No. 1 in the Los Angeles fire department, was held yesterday afternoon at 2 o'clock at the funeral parlors of Peck & Chase. Among the host of friends who attended the funeral were thirty members of the department, under Battalion Chiefs Casey and Todd. The services in the chapel were conducted by Rev. J. M. Newell, and interment was in the plot of the Fireman's Relief Association in Inglewood Cemetery, this being the first burial in the plot.

At the cemetery, the services were in the hands of the relief association, and President J. B. Powell delivered a touching tribute to the deceased brother. He said in part: "Just budding into strong, active young manhood; just beginning to realize the felicity of the new home he had established, fraught with ambitious plans and hopes for the future that never will materialize, he has gone as a victim of the beheading Angel of Death."

"The ties that bind firemen together should be as strong as the ties that bind the veterans who marched shoulder to shoulder in bloody conflict, or shipmates on the high seas; almost as strong as ties of family."

"Small wonder that firemen are affectionate, one to another; the true ties of love and sympathy are fashioned in our quarters, forged and cultured in our lives."

## NOTABLE TABLE-SILVER REDUCTIONS

Right now is the opportunity to buy solid silverware.

The silver market recently suffered a little decline—and now—we're following suit with our entire stock of solid silverware.

This move will mean a good deal to silverware buyers—for we have undoubtedly the finest and most comprehensive collection of solid silver tableware in Los Angeles. And every piece in the whole stock is distinctive, artistic and entirely above the character of silverware seen in the average jewelry house.

It is very seldom that silverware of this class is offered at special prices.

There are scores of practical and beautiful pieces—to meet every need of the well-spread table.

You are welcome to look and get our prices.

H. J. Whitley & Co. SILVERSMITHS 845 S. BROADWAY

The reputation of this house stands back of every transaction, as an assurance of genuineness in quality and value.

Thomas, R. A. Skel and Joseph Seymour.

## Merry Evening.

The home of Dr. and Mrs. S. H. Snyder of No. 1138 West Washington street was the scene of much merriment when they entertained a number of friends informally. The house was gay with quantities of orange blossoms, roses, violets, lilies and poppies. Games were enjoyed and prizes won by Mrs. W. E. M. Cole, Mrs. C. D. Jones and Mrs. Mary Darby. Others in the party were Mr. and Mrs. E. J. Robinson, Mrs. H. C. Roberts, Mrs. James Lee, Mrs. S. M. Goddard, Mrs. M. B. Golden, Miss Edith M. Slaughter, Mrs. Tom Radbone, Mrs. George Smith, Mrs. James Dunsmuir, Mrs. W. R. Ireland, Mrs. C. D. Jones, Mrs. Sarah Wiley, Mr. and Mrs. Edward Morrison, Alfred Morrison, Miss Edith Morrison, Mrs. Walter Wiley, J. A. Snyder, Mrs. J. L. Burt and Mrs. Read.

## Another Heart Story.

Of interest to many is the news of the engagement of Miss Goldie Adele Mandelsohn to Max Schwarz of Napa, which was formally made known by the bride-elect's parents, Mr. and Mrs. Goodman Mandelsohn of No. 417 North Hill street. Mr. Schwarz is the youngest son of Herman Schwarz, a prominent merchant of Napa.

## An April Bride.

Mr. and Mrs. H. A. McClain of No. 642 North Bunker Hill avenue announce the engagement of their daughter, Miss Violet Joy, to T. L. McClellan. The wedding will be solemnized in April.

## Here's a Splendid Home Made Spring Medicine

It Purifies the Blood and Enlivens the Liver.

The need of a good spring-time tonic is even greater in California than where the climate has more variety. The entire system needs reviving—the liver needs stimulating—new blood must be made—for when the climate is even and mild the whole human mechanism has a tendency to get torpid and inactive. When this is allowed the various channels of the body soon get clogged and this means undermined health.

Here's a simple prescription that every one ought to take at this time of the year—it's an excellent tonic and system builder. It cleans the foreign and poisonous matter out of the system and makes rich, new red blood.

It is a splendid remedy for liver trouble, too. If you have headaches, indigestion, skin eruptions, are bilious and nervous, your liver is undoubtedly neglecting its work—and this prescription is just what you need.

Get the ingredients from your druggist and mix them yourself. One ounce Heptonite, one and a half ounces simple Elixir, one and a half ounces Elixir Callaya Bark. Take one teaspoonful four times a day. This same dose applies whether taken as a tonic and blood purifier or for liver trouble. For children the dose should

## 144 Tons of Gold Dust

We Own It Absolutely and Will Give You a Generous Share

This unqualified offer at once removes our mining proposal from the hordes of untried and often hopeless projects with which well-meaning men delude themselves and others.

WE HAVE THE GOLD, and we want your help in an undertaking that is more certain of success than any banking, commercial or manufacturing proposition can possibly be.

The Peruvian Gold Mining Corporation by owning eleven mines containing 384 claims, virtually possesses the whole of the immensely rich Nosonicate Gold Placers in the Department of Cuzco. An official report of the mineral wealth of this district, issued by the Peruvian State Department, conservatively estimates the total amount of gold dust in this valley at \$182,250,000.

Our deeds, countersigned by the United States Legation at Peru, show our absolute ownership of claims totaling 40,000 square yards each of gold bearing sand, averaging nine feet in depth, or over 46,080,000 yards, guaranteed to contain at the lowest estimate \$13.00 per yard.

We therefore make the positive statement, which is more than confirmed by government tests and our own workings to date, that our property is worth in pure, free, flake gold, \$92,160,000.00.

If you know the history of Golden Peru, and the incredible wealth of her ancient rulers, you must realize that modern methods applied to these gold sands will produce many times the riches that once flowed in a steady stream from Peru to Spain.

We shall sell only enough stock to place one modern, thoroughly equipped gold dredge on this property, after which big dividends will be declared on all the stock sold and will be payable every three months.

By buying a share of stock now—on the ground floor—at 50c on the dollar, it is possible for one dollar to earn \$36 in dividends.

The small investor has never had such an unusual opportunity given him, to share safely in a great fortune.

Write for our prospectus, maps and plans, and a copy of "The President's Story," before it is too late.

The Peruvian Gold Mining Corporation

## AN OPEN LETTER TO MY FRIENDS:

I wish to state that owing to the financial stringency we have been compelled to make an assignment for the benefit of our creditors and the stock of our Japanese and Chinese Art Shop is now entirely out of our hands.

The creditors have selected Mr. Geo. W. Walker as Trustee, who has secured the services of a competent auctioneer, and now offers the entire stock without reserve for what it will bring at PUBLIC AUCTION SALE.

As you all know I carried nothing but high class goods, some of the finest and rarest pieces from the Yang Tai, Baron Yamato, Mang Fook and other private collections being in this stock, and these are pieces that can not be duplicated.

422 S. Broadway.

W. H. BOSLEY.

### CHAPTER X—(Continued.)

She was conscious of a great desire to be alone for a few moments, for she was restless and seemed inclined to a searching eye. Betty could not have the most pointed questions at her.

She put down her packages in a box on the table she found she had tied up with them a large brown envelope. It was warm still with the imprint of a man's strong hand; he had drawn it off to pay the driver, it must have fallen among her things.

Katherine picked it up and stood a while holding it. She derived an unconsciously, a definite sense of assurance from the touch of this glove; recalled the owner so clearly.

"I am so glad he did not forget," she said to herself; "it is so nice to be remembered."

### CHAPTER XI.

Mr. Granger did not go down to her that night. When bedtime came he was restless and seemed inclined to a searching eye. Betty could not have the most pointed questions at her.

She put down her packages in a box on the table she found she had tied up with them a large brown envelope. It was warm still with the imprint of a man's strong hand; he had drawn it off to pay the driver, it must have fallen among her things.

Katherine picked it up and stood a while holding it. She derived an unconsciously, a definite sense of assurance from the touch of this glove; recalled the owner so clearly.

"I am so glad he did not forget," she said to herself; "it is so nice to be remembered."

CHAPTER XI.

Mr. Granger did not go down to her that night. When bedtime came he was restless and seemed inclined to a searching eye. Betty could not have the most pointed questions at her.

She put down her packages in a box on the table she found she had tied up with them a large brown envelope. It was warm still with the imprint of a man's strong hand; he had drawn it off to pay the driver, it must have fallen among her things.

Katherine picked it up and stood a while holding it. She derived an unconsciously, a definite sense of assurance from the touch of this glove; recalled the owner so clearly.

"I am so glad he did not forget," she said to herself; "it is so nice to be remembered."

the bedroom to see if baby was still sleeping.

"I was rather anxious about her," she said to Haverford, "for Dennis has told me that she gets very heavy colds at times, and she seemed really rather feverish tonight."

As he remembered the interview with his mother the day before, he found himself looking, every now and then, with real interest at the girl beside him.

"I can't think why you want to bother about Katherine Granger. I gave her a fair trial," Mrs. Baynhurst had said fretfully; "but she is a fool, and I hate fools."

There seemed to be nothing foolish, or weak, or hesitating about Katherine as he saw her, but in the hours that had followed on his visit to his mother, he had been able to fill in the empty spaces that she had left, and he seemed to understand all at once why it was that Octavia Baynhurst had set herself so resolutely against Katherine, both as a little child and a growing girl.

Undoubtedly, there must have been an old and bitter feeling rankling in her heart for Gerald Baynhurst's sister.

It was inevitable that the love which the man had evidently lavished on his sister had been a source of resentment and misery to such a woman as his wife.

On Katherine, the helpless child, therefore, had the accumulation of two very alarming looking. It is my impression that my mother is going to be managed for the first time in her existence. When all the little parcels were made ready, and they filled the table, he got up.

"Well, I suppose I ought to go downstairs again. You are very cozy here, talking so. I should like him to have a London this dismal weather."

"I saw her. She is middle-aged and very attractive when she smiled. Miss Granger found her face very attractive when she smiled."

"I do wish she had come," said Katherine. "But she said it shyly, not sharply. I have always found care of myself, and I am sure I can do it now."

"I am afraid that argument does not move me," he answered, and with a smile he held out his hand and said, "Good-night."

When he was gone Katherine Granger sat down and thought about him. She felt sorry for him.

"I do wish she had come," she mused to herself. "I wonder why she did not. He looks miserable when he is not talking. I should like him to have a happy Christmas; he certainly has helped to give me one, and I expect I am only one of hundreds."

"I remember last Christmas how his mother grumbled at all his charities. I little thought then that he and I should be together for this Christmas. Now everything is coming with a rush, and his mother is coming."

"Tonight I discover that I actually had a mother and a father, and now I have a guardian," and then she laughed outright, "and, of course, I shall have a mother. How pleased he will be!" she reverted again to the subject of Camilla later on. "Will she come tomorrow?" she asked.

# Come and See This Human-like Machine

The Greatest Electrical Invention of the Age--Machines that Revolutionize the Sending and Receiving of Wire and Wireless Messages

If Only for Your Own Education You Should Know All About "The Teloauto-print" and the "Burlingame Telegraphing Typewriter" and for this Purpose the Machines are Now on Exhibition in Los Angeles--Come and See a Free Demonstration Today at Ten O'clock

## You Can Send a Message Personally to Satisfy Yourself

What the Burlingame Telegraphing Typewriter Will Do

A young electrician by the name of Elmer Burlingame began a few years ago in Indiana to make an invention that would transmit messages between two ordinary typewriters over a single wire a thousand miles long. First he made a few of the letters work successfully, then he added all the letters of the alphabet, the characters and the punctuation marks. Today he has a complete telegraphing typewriter that handles accurately messages of any length.

Following the success of his invention, a number of San Francisco business men formed a company and supplied young Burlingame with a complete experimental shop where he could make a few sets of machines.

One set of machines is now on exhibition in Los Angeles, prior to their being sent to Washington, D. C., where a demonstration is to be made before the United States Signal Service, upon request of a government official.

The machine is simply two ordinary typewriters equipped with an electrical apparatus. One typewriter is the sending instrument, the other the receiver of the messages. By magnetic attraction the type bars on the receiving instrument are attracted toward the roller where the paper rests. Each letter, character and punctuation mark on the keyboard has its own individual combination of electrical impulses.

Thus when the letter "A" is struck on the key of the sending machine a set of electrical impulses is set in motion over the wire which releases the letter "A" on the receiving machine and the type prints the letter on the paper. So on through the whole keyboard the operation is the same. Any one familiar with the letters on the keyboard of any typewriter can thus send a message just as easily as he or she would typewrite a letter. The receiving machine records the message just as written, and corresponds to what would be a carbon copy made on the original machine. There is no chance for mistakes. The machine takes down the message just as sent. There is no human "receiver" to make a mistake by faulty hearing, or carelessness, or neglect as is the case with the present Morse system of dots and dashes in use all over the world today.

And that is why the Burlingame Telegraphing Typewriter will replace the Morse system in a very short time. The typewriter system saves labor and avoids mistakes. You should see the machines work--should send a message over the wire yourself, then only will you appreciate what young Burlingame has done for the world.

Call today at 315 Pacific Electric Building and see this wonderful machine that is going to revolutionize the sending and receiving of messages.

### What the Teloauto-print Will Do

The Teloauto-print works along practically the same lines, but is a "tape" machine, whereas the Telegraphing Typewriter receives messages in page form. There is great need of both machines, so the respective companies have decided to operate jointly and thus have a monopoly on all this class of business. The Teloauto-print likewise uses a typewriter keyboard, but the message is received in typewriting on a tape that unrolls. As the tape comes from the machine, anyone can read the message, for there it is as plain as A, B, C.

You are invited also to witness a demonstration with "The Teloauto-print," and view the two machines each sending and receiving messages, "The Teloauto-print" receiving them on the tape, the Burlingame Telegraphing Typewriter receiving them in page form. Call today at 315 Pacific Electric Building--gain more knowledge of these machines if only to keep abreast of the times and know what is going on in the world of electricity.

The Practical Uses of the Burlingame Telegraphing Typewriter and The Teloauto-print

These machines can do all the work that is being done by the Morse system today in sending messages and press despatches, and in addition open up many new fields which are beyond the achievements possible of all other machines. Note below many of these new uses and you will see that the world has been waiting for the Telegraphing Typewriter and Teloauto-print for years.

**NEWS TICKER SERVICE.** There will be a central station in each city run in connection with a newspaper, or with the Associated Press. In the homes and business places of subscribers will be little receiving instruments weighing only five pounds. Early in the morning the news will be sent out to these homes and business houses all over the city. The news will be very brief--just enough to give the gist of the matter. For example, Telegraph News will be given for two hours. Whatever happens anywhere, just as soon as the news is gathered it will be sent on these machines and every subscriber will read it as it comes from the machine in his place. The financial news will be given for a while, then the sporting news, the local news and then general news throughout the day and evening. It is believed that there will be more news tickers in use within two years than there were telephones in the first fifteen years, and later, of course, there will be more news tickers installed than all the telephones combined.

**PRESS DESPATCHES TO NEWSPAPERS.** The Burlingame Telegraphing Typewriter will be built with the same keyboard as the linotype on which the type of all large papers is set. The operator sending the message is in reality setting the type on the linotype in the newspaper offices. Immediately upon the receipt of the completed message the type is all ready to make up into page form for going to press. Think of the saving of time, labor and money. All newspapers will eventually receive their telegraphic news in this manner. See what a field there is for the Burlingame Telegraphing Typewriter. There are published today in the United States and Canada alone 2500 daily newspapers.

**MISCELLANEOUS USES.** For fire and police systems in municipalities, for private wires between factories and offices, for brokers, for railroads, for business institutions, for ships at sea (by wireless) and a hundred other ways that time alone will develop.

**DRAW COMPARISONS WITH OTHER INVENTIONS.** The Linotype invented by Otto Mergenthaler had a hard struggle at first. Today the company has paid over \$20,000,000 in dividends. Bell Telephone was first received with suspicion. Today it has paid to stockholders over \$200,000 for each \$100 invested. Same is true of other useful inventions--the trolley cars, Bessemer Steel, air-brake, kodak, pianola. All had their beginnings--and all are successful today. So come and see these two wonderful instruments transmit messages. Believe your own eyes. Just remember what the great philosopher, Herbert Spencer, said: "There is a principle which is a bar against all information, which is proof against all argument and which cannot fail to keep a man in everlasting ignorance; this principle is contempt, prior to examination." Come and see the Burlingame Telegraphing Typewriter and the Teloauto-print and incidentally imagine if you can the money these companies will make when they have their instruments leased to users all over the world at a good price. And the time is coming when these machines will be as commonly used as the telephone, the telegraph and all other instruments combined.

Make it a point to come today to 315 PACIFIC ELECTRIC BUILDING and ask to see THE BURLINGAME TELEGRAPHING TYPEWRITER AND THE TELAUTO-PRINT.

Detach and Mail at Once.

## POISON DRAUGHT. BY DEATH ELUDES HAND OF LAW.

### UICIDE OF ARCHITECT AS HE IS ARRESTED.

Paradise Tragedy Follows Close on the Heels of Serving of Warrant for Alleged Issuing of Bank Checks to Defraud—American Girl Weds Brother of Japanese Baron.

Paradise, March 27.—The death of a young man, who was arrested yesterday for the alleged issuance of bank checks to defraud, was the result of a poison draught which he had taken. The man, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains. The man, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains. The man, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains.

Those who stand in a position to now say that Dwight had liabilities amounting to thousands of dollars. The man, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains. The man, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains.

MARRIED ONCE, TWICE.  
Friends of Miss Wynolyn A. Vitham as well as Japanese of this country were surprised to learn of her marriage to E. J. Katow, brother of Baron Katow of Yokohama, which was announced yesterday afternoon.

## SEA SO CHOPPY STOPS VISITORS.

### WARSHIPS NOT REACHED BY THE PUBLIC AT VENICE.

Unfavorable Weather Results in Putting the Gasoline Launches Out of Commission and the Travel Between Cruisers and Shore is Limited to Business Requirements.

VENICE, March 26.—Unfavorable weather and a choppy sea marked the second day of the visit of the cruisers of Rear-Admiral Sebree's squadron to the friendly port. So strong was the wind from off the sea that the beachers threw their spume high upon the breakwater landing and the fleet of gasoline launches was out of commission throughout the day. The few hundred visitors who braved the wind and came to the beach to see the vessels that are blazing the trail for the armada from the Atlantic were not afforded the opportunity to visit the warships.

Only a few trips of the battleship launches were made between the breakwater and the big defenders that rode the waves a few hundred yards off shore. These boats carried only those who were impelled by business. Among those who came ashore were the musical performers from the Tennessee, who occupied the boards at the Auditorium last night and gave a performance for the benefit of the sailors' fund. Of tennis play at the Country Club there was but a preliminary skirmish, owing to the wind, and the baseball game which fell earlier in the day was postponed on account of the inclement weather.

Many tons of supplies for the big ships were piled on the pier, ready to be transported to the warships, but the water was so rough that this work could not be performed. It was calculated that the ships would steam out of the harbor at 10 o'clock tomorrow morning, but their departure will perhaps be somewhat delayed in order that the cables may be carried from the shore to the fleet.

VENICE NOTES.  
Wiley T. Patterson, who died at Yuma, Ariz., yesterday, after a brief illness following an attack of acute appendicitis, was a resident of Santa Monica. He was 36 years of age and left a widow and four children.

SEA NASTY; VESSELS SNUG.  
Storm Blows All Day at Redondo, but Without Harm to the Shipping.

REDONDO, March 26.—A heavy northerly windstorm has been blowing here all day, and has kicked up a decidedly nasty sea. It began about midnight last night, following the rain which fell earlier in the evening, and has continued to increase all day. W. J. Hess, local agent of the United States Weather Bureau, was notified early this morning to display signals for a storm from the northwest.

ORDER THREE JETTIES.  
City Trustees of Ocean Park Take Action for the Protection of the Shore.

OCEAN PARK, March 26.—The City Trustees have ordered that three jetties be constructed on Short Line beach for the protection of ocean front property against the impact of the waves. The first jetty, which will be 150 feet long, will be at the foot of Olive street and will have the same length; and the third will be of like length and will be at the foot of Vista street. Bids for this work are to be solicited at once and the jetties, in conjunction with the bulkhead for which the contract has just been let, is expected, will preserve the shore line.

CHICKEN TIED WOUNDED.  
Downey Rancher Proves Good Marksman, but Trespasser Escapes.

DOWNEY, March 26.—Poultry thieves have been operating in this vicinity recently. H. Brittain, a rancher, shot and wounded a trespasser who was caught in a trap on Monday night, who was trying to enter his chicken house. The trespasser, who was named as being the brother of a Japanese baron, was arrested by a constable at his home in Paradise, a small town in the mountains of the San Gabriel mountains.

## SEA SO CHOPPY STOPS VISITORS.

### WARSHIPS NOT REACHED BY THE PUBLIC AT VENICE.

Unfavorable Weather Results in Putting the Gasoline Launches Out of Commission and the Travel Between Cruisers and Shore is Limited to Business Requirements.

VENICE, March 26.—Unfavorable weather and a choppy sea marked the second day of the visit of the cruisers of Rear-Admiral Sebree's squadron to the friendly port. So strong was the wind from off the sea that the beachers threw their spume high upon the breakwater landing and the fleet of gasoline launches was out of commission throughout the day. The few hundred visitors who braved the wind and came to the beach to see the vessels that are blazing the trail for the armada from the Atlantic were not afforded the opportunity to visit the warships.

Only a few trips of the battleship launches were made between the breakwater and the big defenders that rode the waves a few hundred yards off shore. These boats carried only those who were impelled by business. Among those who came ashore were the musical performers from the Tennessee, who occupied the boards at the Auditorium last night and gave a performance for the benefit of the sailors' fund. Of tennis play at the Country Club there was but a preliminary skirmish, owing to the wind, and the baseball game which fell earlier in the day was postponed on account of the inclement weather.

Many tons of supplies for the big ships were piled on the pier, ready to be transported to the warships, but the water was so rough that this work could not be performed. It was calculated that the ships would steam out of the harbor at 10 o'clock tomorrow morning, but their departure will perhaps be somewhat delayed in order that the cables may be carried from the shore to the fleet.

VENICE NOTES.  
Wiley T. Patterson, who died at Yuma, Ariz., yesterday, after a brief illness following an attack of acute appendicitis, was a resident of Santa Monica. He was 36 years of age and left a widow and four children.

SEA NASTY; VESSELS SNUG.  
Storm Blows All Day at Redondo, but Without Harm to the Shipping.

REDONDO, March 26.—A heavy northerly windstorm has been blowing here all day, and has kicked up a decidedly nasty sea. It began about midnight last night, following the rain which fell earlier in the evening, and has continued to increase all day. W. J. Hess, local agent of the United States Weather Bureau, was notified early this morning to display signals for a storm from the northwest.

ORDER THREE JETTIES.

## STOPPED IS WORK BY QUICKSAND.

### DELAY IN THE DRAWBRIDGE FOR LONG BEACH.

Determination of Men in Charge to Observe Letter of Specifications is Said to Have Led to Trouble—Preparations for Banquet of Chamber of Commerce.

LONG BEACH, March 26.—A serious condition has developed in the building of the Salt Lake drawbridge across the mouth of San Gabriel river, as a result of striking of the water caisson to quicksand. The caisson now contains twelve feet of quicksand, which has seeped in around the bottom and the sides. Four feet of cement had been laid when the quicksand began to come in.

FOR THE BANQUET.  
The programme for the annual banquet of the Long Beach Chamber of Commerce at Hotel Virginia, April 1, has been made public by President H. H. Thompson. Following an invocation by Rev. W. A. Betts, the president will introduce Rev. Josiah Shibley as the guest of honor.

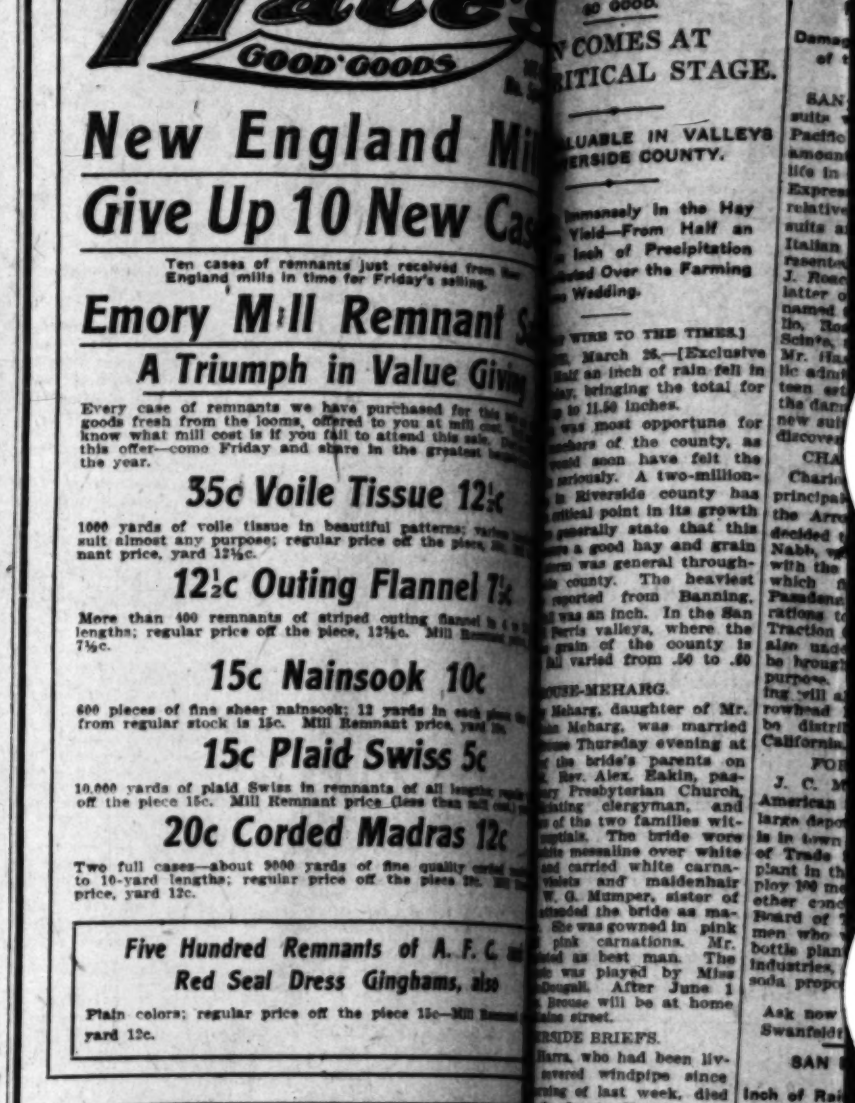

PATRIOTISM TO ORDER.  
Patriotism by ordinance is a suggestion made by the Philanthropy section of the Ebell, who sent a resolution to the City Council asking for an ordinance requiring that the final numbers on the programme of public concerts, entertainments or functions of whatever kind shall be "The Star Spangled Banner," and that every person physically able be compelled to rise and stand at attention during its rendition. The communication caused consternation among the city dais, but in the circumstances they could not offend femininity by saying out loud what they thought, so they quietly referred it to the advertising and amusement committee to die of inaction. Women politicians are not in favor at present with the city administration.

SEASHORE NEWS NOTES.  
Long Beach will do its share in entertainment of the fleet squadron assigned to this port, and the general committee in charge will be Chairman John H. Munholland. Long Beach representative on the Los Angeles Fleet Committee, Secretary, A. L. Parmenter, Treasurer, John G. Drake, Col. W. J. Horne and J. M. Keane. Subcommittees will be in charge of the following: Reception, J. M. Keane; Decorations, Amusement, A. L. Parmenter; Transportation, J. G. Drake. Friday will be set aside for "Long Beach Day." A feature of the week will be an electrical illumination of the entire waterfront and a pyrotechnic display. A fund of \$2000 is being raised to meet expenses. A committee of three will visit the fleet at San Diego and submit plans for the entertainment to the admiral.

LEGAL.  
NOTICE NO. 15.—U. S. DEPARTMENT OF AGRICULTURE, Office of the Secretary, Washington, D. C., March 17, 1930. Notice is hereby given that the Secretary of Agriculture has, under authority conferred by law, issued Amendment No. 1 to the Regulations and the Secretary of Agriculture, governing the inspection, disinfection, certification, handling and method and manner of delivery and shipment of live stock, which is in the nature of a regulation, is hereby published. The amendment is also given that the Secretary of Agriculture has, under authority conferred by law, issued Rule 1, Revision 2, to prevent the spread of splenic fever in cattle. This revised rule is designated B. A. I. Order No. 181, and will become effective April 1, 1930. Copies of Amendment No. 1 to the Regulations, and of Rule 1, Revision 2 may be obtained from the Department of Agriculture.

Sessions on Floor, but Considerable "Off Board" Trading—Inter-Develops in Bond List—Lower Agency in Few Oil Securities. Active Bidding.

With the exception of a transaction in telephone, and another in a mining stock business was done on the Los Angeles Exchange yesterday. There was

considerable "off board" trading. The sale of 60 shares of Home Telephone preferred at \$7.00. The 100 shares of Santa Monica Bay Home Telephone preferred were disposed of on the exchange at \$8.50. The sale of 100 shares of the club with no bid, the field. There was a slight decline in the closing prices on Edison. The preferred was at \$1.00, 1/2 on the bid, and up 1 point on the ask; the common was down 1/2 on the bid, and unchanged on the bid, at \$7.50. Home Telephone common was at \$4.00 bid, but was not offered. This was 1/2 of 2 points from the preceding close. The active bidding for United States Steel common was not done, but could be under \$5.00, and advance of 1/4 from the preceding close.

**IS IRREGULAR.**

---

**STEADY SELLING OF THE MOST**

**ACTIVE ISSUES.**

—

**Undertone Is Heavy. With Several Manifestations of Strength, but in the Main Trading Is Hesitating. Influential Speculative Element Favors a Reaction.**

—

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, March 24.—Irregularity was the most characteristic feature of the stock market today. The undertone was heavy the outset, with several manifestations of

length, but in the main hesitating. There was steady selling of the most active issues, notable the steels and Union Pacific, and board room gossip credited the more intellectual speculative element favoring a reaction. This feeling seemed to be based on the belief that the general situation, more particularly the business nonprosperous times, does not warrant further rise at the time. There is at best only a small increase in commission house business, and the bulk of day's operations was again professional. Announcement of the resumption on April 1 full time at the Reading colleges gave impetus to the Reading and other coal issues. Later advices dealing with steel and iron trade, and the coal strike were regarded in the other hands. It was expected in ques-

erty quarter that the demand for copper forced that metal higher. Reductions in the dividends of Pacific Coast Iron and Steel and second preferred resulted in substantial declines in those issues. Union Pacific fluctuated feverishly and broke from the 125, when it became known that the company's board contemplated an issue of \$25,000,000 in bonds. The street was sharply disappointed at the news, although the bulk of developments regarded the so-called "Union Pacific 'segregation plan.'" Southern Pacific, which developed unusual activity and strength in the early session, lost some of its gain and the list as a whole registered losses. There were partial recoveries, however, but in the final hour the market showed

the weekly report of the Bank of England, London, which declined to 5.50 per cent, as against 5.25 per cent. last week. The exhibit was vastly better than recorded at the same institution a year ago. Monetary conditions were unchanged, there being little wind.

The bond market was irregular, with government issues unchanged on call. Total sales, value, \$1,126,000.

**EXPERTS' REPORT.**

New York, March 10th.

Sir, President Gugghini's English  
Broadway, New York City:

I beg to hand you herewith report in  
the properties of the Yukon Gold  
Company, Ltd., which I have been  
Mr. Perry's expert to based on the  
Perry, aided by a corps of assistants,  
during the past three years. . . .

Mr. Perry's figures with care and have  
submitted by A. N. C. Treadgold, an  
excellent district during the last ten seasons  
with the district.

The foregoing estimates by Mr. Perry and  
I consider that the gravelly content and the  
Company in Yukon territory should yield  
with gravel content and the gravelly content  
the possibility that Mr. Perry's estimate is  
the possibilities beyond this, will be

**Background:**

... holdings in the Klamath district are land, timber, deer and Hunter Creek, which have been of approximately 100,000 acres.

... relative absolute control of the above-mentioned property, which is being so distributed that no other is possible.

... position, the company has provided capital and large sums of money for the purchase of new land, and the purchase of new equipment, to work its holdings.

... is introducing a water system and a power plant, and is also introducing a water system and a power plant, and is also introducing a water system and a power plant.

... to this district have been made.

has been designed with two objects in view: the conservation of water and power to reduce the cost of water to the consumer. The water is pumped to the company, many of which have been particularly successful in their efforts to conserve water. The savings in operating costs are shared by the consumer in the form of lower rates.

The company has a number of other projects in the works, including the construction of a new water treatment plant, the installation of a new water metering system, and the construction of a new water distribution system. The company is also planning to expand its service area to include the city of Los Angeles.

The company is a public utility, and its rates are subject to the approval of the Public Utilities Commission. The company is also a member of the Southern California Gas and Electric Association, the California Water Resources Association, and the National Association of Public Utilities.
